

Pick a starting salary

Reaching the end of a job interview, the Human Resources Person asked the young MBA fresh out of MIT, "And what starting salary were you looking for?"

The candidate said, "In the neighborhood of \$125,000 a year, depending on the benefits package."

The HR Person said, "Well, what would you say to a package of 5-weeks vacation, 14 paid holidays, full medical and dental, company matching retirement fund to 50% of salary, and a company car leased every 2 years - say, a red Corvette?"

The Engineer sat up straight and said, "Wow!!! Are you kidding?"

And the HR Person said, "Certainly, ...but you started it."

A lecture about English

A linguistics professor was lecturing to his English class one day. "In English," he said, "A double negative forms a positive. In some languages, though, such as Russian, a double negative is still a negative. However, there is no language wherein a double positive can form a negative."

A voice from the back of the room piped up, "Yeah, right."

Lobster Tales

The seafood restaurant's sign read, "Big Lobster Tales, \$5."

Amazed at the great value, a customer asked the waitress, "Five bucks for lobster tails? Is that correct?"

"Yep," she said. "It's today's special."

He remained skeptical. "Are they little?"

"No," she replied, "they're big."

"\$5 each? Are they old?"

"No. Fresh today."

"Wow! Great! Here's my five bucks."

She took his money, led him to a table, sat him down, leaned over close and began, "Once upon a time, there was a really big red lobster..."

Marriage After 25 Years

Married 25 years, I took a look at my wife one day and said, "Honey, 25 years ago we had a cheap apartment, a cheap car, slept on a sofa bed, and watched a 10-inch black and white TV, but I got to sleep every night with a hot 25-year old blonde."

"Now, we have a nice house, nice car, big bed, and plasma screen TV, but I'm sleeping with a 50-year old woman. It seems to me that you are not holding up your side of things."

My wife is a very reasonable woman. She told me to go out and find a hot 25-year old blonde, and she would make sure that I would once again be living in a cheap apartment, driving a cheap car, and sleeping on a sofa bed.

The Miracle of Toilet Paper

Fresh from my shower, I stand in front of the mirror, complaining to my husband that my breasts are too small.

Instead of characteristically telling me they are not, he uncharacteristically comes up with a suggestion: "If you want your breasts to grow, then every day take a piece of toilet paper and rub it between

your breasts for a few seconds."

Willing to try anything, I fetched a piece of toilet paper and stood in front of the mirror, rubbing it between my breasts. "How long will this take?" I ask,

"They will grow larger over a period of years," he replies.

I stop. "Do you really think rubbing a piece of toilet paper between my breasts every day will make them larger over the years?"

Without missing a beat he says, "Worked for your butt, didn't it?"

He's still alive, and with a great deal of therapy, may even walk again.

Stupid, stupid man.

Pulled Over For Speeding

A young woman was pulled over for speeding in Otago, New Zealand.

As the Central Otago officer walked to her car window, flipping open his ticket book, she said, "I bet you are going to sell me a ticket to the Central Otago Police Ball."

"Central Otago Police don't have balls," the officer replied.

There was a moment of silence while she smiled, and he realized what he'd just said.

He then closed his book, got back in his patrol car and left ... while she was still laughing too hard to start her car.

California Humor

Do you know what happened this month back in 1850, in California? California became a state.

The State had no electricity.

The State had no money.

Almost everyone spoke Spanish.

There were gun fights in the streets.

So basically, it was just like California today ... except the women had real breasts and men didn't hold hands - at least not in public.
