Members present:

Others:

Summary of discussion:

From the political discussion we agree that Taiwanese should insist on that "we do not want war, but we not afraid of war." Taiwanese military defense is efficient and more powerful than most people might perceive.

Conclusion and referendum results:

Stacy motioned to modify the chapter bylaw regarding meeting language usage. Stacy stated the problem of using ONLY the language of the country of the organization location(in this case, US English) would be difficult for members or meeting attendees who are not as proficient.
Referendum Result: The resolution agreed by the meeting members is that English should be focused but can still use Chinese for specific term or phrases the speaker does not know how to say in English.
