IS IT **REALLY** OUR STRENGTH?

Left: Britain Summer 2001 – Muslim mobs descend upon defenseless White Males.

One White man is killed, dozens hospitalized. It's what always happens when non-Whites Get the upper hand.

Police watched and did nothing. Under orders not to "agitate" the Asians. Not to stop the Muslims. Not to defend the Whites.

You see, that would be "racist." Think about it people. Think long and think hard. Will this be England's future?

The nefarious Anti-Nazi League, or Socialist Workers, Has targeted your town. They are upset because "racist Whites" will not roll out the red carpet for Blacks, Chinese, and Asians and of course... Muslims. Let's face it; to the Liberals all of England is just too darn White. Too darn Civilized. They don't feel comfy. Asylum Seekers seem to think that our purpose in life is to make **them** feel as comfortable as possible. It isn't. Just say no to Immigration!

**Just say no to more  
diversity!**
