

STUDENTS IN WORLD MISSIONS

In the history, we see that the students had a great role in world missions. For a believer, mission is not an option, but it is an obligation.

As a college student, how to involve in God's mission?

At Present:

1. *Pray for world missions (Matt. 9:37, 38)*

- Pray individually and pray collectively
- Collect information and prayer concerns in India and world at large
- Use Prayer Digests.

2. *Look around and see the needs (John 4:35)*

- Read Newspapers, magazines and note the concerns
- Subscribe to magazines of the Mission Agencies
- Have the State, National and World maps
- Read the missionary biographies, and that also from Indian perspective

3. *Involve in local ministry*

- In your Church (Sunday School, Youth group, etc.)
- In the EU fellowship
- As the Lord opens the ways for you to involve

4. *Give for Missions*

Though it may be a small amount, give systematically

5. *Write to / Talk with Missionaries*

- Greet them during their birthdays or during festival season
- Receive their prayer letters and pray and also raise prayer support for them
- Have their photographs and use it for your meaningful prayer
- Talk with them and understand their needs.

6. Be open for His guidance in your life

- Have the passion for perishing people.
- Be concerned of the people group / geographical location, which is close to your heart
- Have the lifestyle for missions and let the burden grow in you

7. Get training on Missions

- Plan to participate in Students Volunteer Program
- Plan to attend State / National Missions Training Camp
