Ekal Marathon is a fantastic opportunity for your personal and physical development while you accomplish a noble cause. Your support will help raise much needed funds for the Ekal Vidyalaya Foundation, giving the Gift of Education to Children.

Ekal Marathon's \$50 program registration fee includes comprehensive endurance training and registration costs for the Silicon Valley Marathon, of which the Ekal Marathon is a part of.

Training begins April 16th 2005. Challenge Yourself. Make A Difference. Be There.

Ekal Vidyalaya Foundation of USA (EVFU) is committed to eradication of illiteracy from remote regions of India. The Foundation introduces a unique concept which brings non-formal education to the doorstep of a village where children are offered five years of free schooling. To learn more visit:
