- Spherical cap, 74

- Spherical coordinates, 39
- Steady-state diffusion, 232
- Stress
 - complex, 280
 - function, 284
 - intensity factor, 373, 383
 - normal, 373
- Stress-strain relations, 278
- Toroidal coordinates, 56
- Traction, see Stress
- Transforms, see under particular name
- Uniform
 - potential distribution, 144
 - pressure, 382
- Variational approach, 183, 196, 271
