False Pic Patrol

Weekly False Pics

Since this is the first issue of **False Pic Patrol Magazine**, I have decided to start from the beginning and add the pics that we began the false pic patrol with. Starting with...

AngelEyes5453@aol.com

The name "Angel Eyes" seems to be appropriate for this fake ass bitch since this is really a picture of Jennifer Lopez in the movie "Angel Eyes". What the Fuck was going through this Ho's head when she decided to send THIS pic out to mufuccas or even put this shit on her WEBPAGE??

Weekly False Pics

Mallbrowser26@aol.com

Another classic example or a “One Pic Wonder” This one was sent in by Blkrockhard21@aol.com. Thanks, Dawg for your support and submission.

Weekly False Pics

SatisFYNElady@aol.com

This is a nice, wholesome looking woman ain't it? A member of our staff is also an avid film watcher and was present at the 2000 Caan Film Festival when Rosie Perez appeared as a presenter for an award. Funny how the two look alike huh?

Weekly False Pics

ReneeKIsHere@aol.com

This stupid bitch is one of our funniest fakes ever. She was in the AOL chat room WHT WOMEN LUV BLKMEN when I personally busted her. She was sending out the first pic you see here claiming it was her. Now this chicks got a nice plump round ass so of course mufuccas was holla'n at her. I took it upon myself to take a look at her old FTP files when I came across the second pic on this page. When I asked her about the different chick she got a little defensive. People in the room started talking about another bust when she all of a sudden she claimed to run an adult website and the other girl was on the site too. She was an employee. Yeah right.

Weekly False Pics

RedlipsNtips@aol.com

This is Really a porn star by the name of Aria Giovanni. Who the fuck in their right mind would send this pic out KNOWIN that the guy receiving it more then likely has her ass on DVD in his entertainment enter as they Spoke?

Weekly False Pics

AlArro5@aol.com

This shit is getting funnier every day when bitches like THIS come along. First this Ho send me this pic and I bust her out in the chat room. The next day I get an email from her claiming to be her mother and that the girl who sent this shit was only 12 years old. Supposedly this is a pic of her older sister and her **Father** only kept this pic on the computer because he liked the pose. Is that some sick shit or WHAT?

Weekly False Pics

Jasmine18015@aol.com

This pic has been widely circulated. This as been submitted by RUready4meYett@aol.com. Basically, he asked this bitch for a pic and she said it's on her webpage. He then asked for another pic and she says she doesn't have one then a half hour later she comes up with the second pic. Does she have another or NOT.

Weekly False Pics

ICETEERTO@aol.com

First of all, whatever lonely chump thinks he has to send a pic of some freak-dick mufucca like this is truly one to watch out for. If you see this name in a room make sure you let him know what kinda lil dick bastards we put in this magazine. Hell, send him a copy. And, whatever bitch out there that gets aroused by this 18" nightmare has GOT to be a **LOOSE PISSY BITCH** and should be ashamed of herself!!

Weekly False Pics

DADDY694YA@aol.com

Look Folks, it's the cop from the Village People. Does this dumb bastard smeared in Vasoline think he is? With that cheap walmart watch and his lil pink shower curtain. I didn't know which chapter to put this pic in. the choices were **Fake Pics** or **Not Fake Just Ugly**. Well, here it is. Plenty thanks to SunmoonstarsWF@aol.com for the submission.

Weekly False Pics

Susietigers2@aol.com

This woman is actually a mother and daughter. The pic on the left is the first thing you see when you open her profile. The second is just to prove that she has more than one pic. If you look closely you'll notice that the tattoo on the woman in the left's left leg (front of the thigh) is missing on the front thigh of the woman on the right. She tried to say that she got the tattoo AFTER taking the pic on the right but she appears to be about 10 years OLDER in the pic. You Decide.

Not Fake Just Ugly

Since this is our first Issue of **False Pic Patrol Magazine**, Don't expect to find too much in this section since it's relatively new to the FPP. Since some of you requested that we make a section for ugly mufuccas, **HERE YA GO!!**. in later issues you'll see more submissions but for now settle for the ones we have here. Ugly mufuccas like...

Djbigshow1@aol.com

“Another Quelude, She'll love me in the morning”

Gawd Damn!! This Mufucca looks like a combination of **BIG WORM** and that dude that said “I'll suck yo dick” in that movie **“Boyz In The Hood”**. This is an example of what happens when the test tube has a crack in it.

Not Fake Just Ugly

Towet2hot4upa@aol.com

“Yo Quiero Taco Bell”

This nasty trailer trash bitch has the nerve to call other people ugly. Take a look at this shit and tell me if you can guess the total weight of the makeup on her face. They say that pet begin to take on the character of their owners. In this case it seems to be the other way around. Also included in this issue you'll see the lengths this bitch goes to when her ugly ass is pasted in our magazine. Later in our “**Funny Stuff**” section we have a copy of the email she sent to the reader who submitted her pic. Read on and see this funny shit.

Not Fake Just Ugly

LadyWitNoTime4BS@aol.com

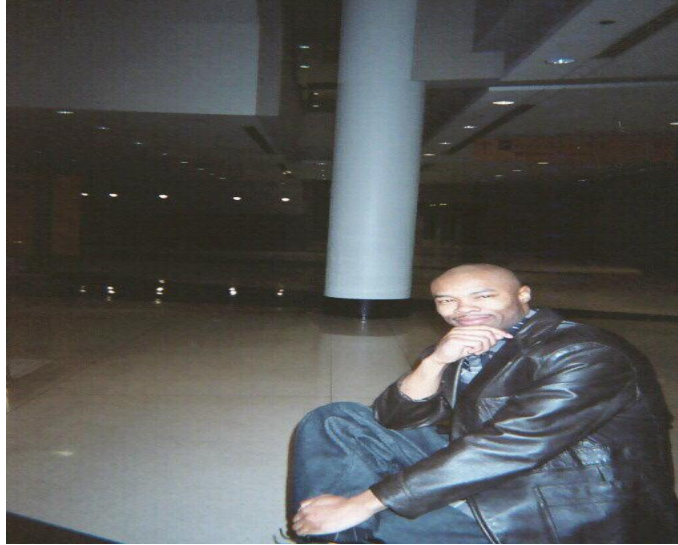

“Has anyone seen my neck”

Our answer is “NO”. If any of our readers has please let us know. You’ll more than likely find this BIG bitch in the Ebony and Ivory chatroom on AOL. From the top of her \$5 wig to the bottom of whatever shoes she’s wearing (don’t even guess. She more then likely hasn’t seen them either) This manatee looking Tramp defines the point of this section of our magazine.

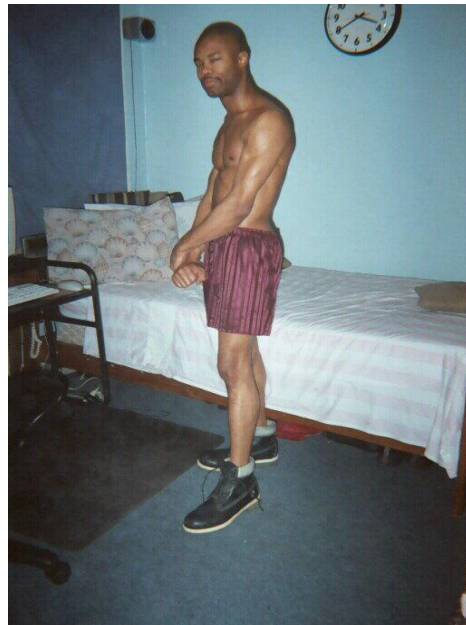

Not Fake Just Ugly

ShaunTwentyfour7@aol.com

Imagine Meeting a guy like this...

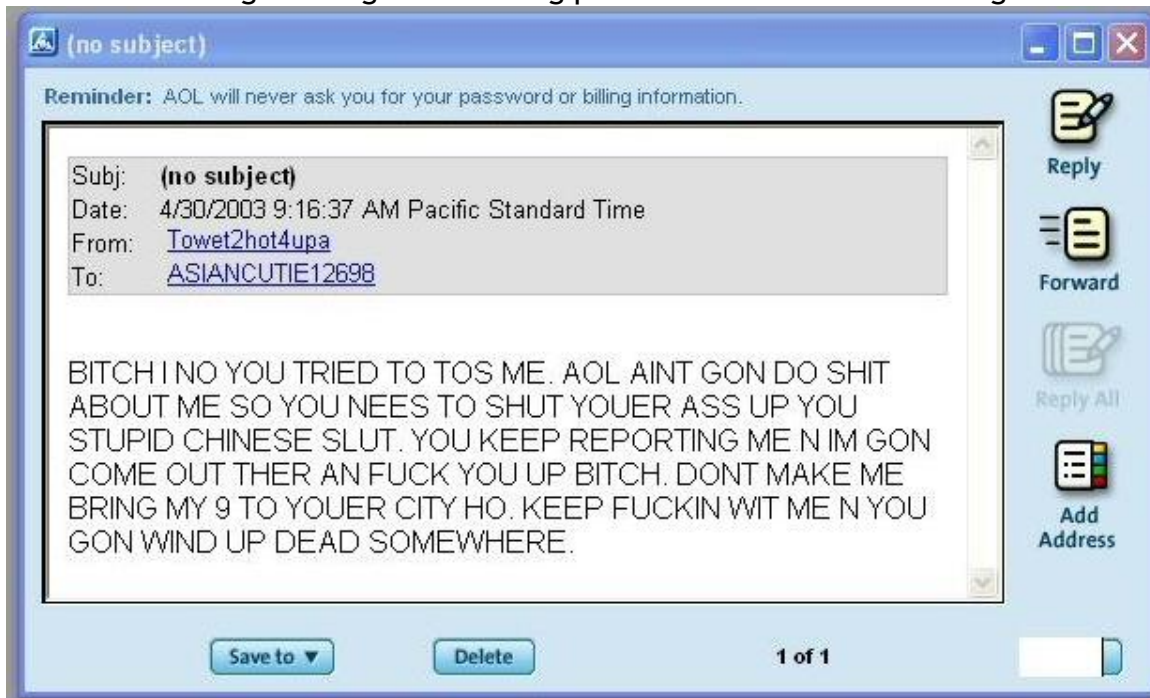

Get him home and undressed and see this...

You can tell that this mufucca ain't getting none with a house like THIS and definitely not on THAT bed.

Funny Stuff

As promised in this section we'll show you some of the things we've run across in our short existence on the internet. Most of them go along with the busts we've made. Like we stated earlier let us begin with an example of the lengths one bitch will go through after being put on front street in our magazine.....

This is a screenshot of an email one of our readers received as a result of submitting a picture of some bitch on AOL. Beware of bitches like this.

Funny Stuff

The following is pasted from our staff's email.

Funny how this bitch is running to the cops over some AOL bullshit. Did we really do THAT much damage to her fragile little AOL Ego?

Reader Letters
