

## *Nova Scotia being robbed blind!*

Imagine if every business in Nova Scotia received payroll rebates, like the Butterfield Bank and Cape Breton Glazing received from Nova Scotia Business Inc?

Imagine now that hundreds of millions of “your” tax dollars were diverted to businesses like Secunda Marine, Sobey’s , Clearwater Seafoods and Oxford Frozen Foods, plus many , many others, tax dollars collected from “you” to support the public infrastructure.

Imagine now companies like , Secunda Marine, Sobey’s , Clearwater Seafoods are now going to get tax payroll rebates , because if they do not , they have the right to scream discrimination. The bottom line here my friends, is that the working poor are being down loaded onto and the business community are getting one sweet deal.

Oh yes! I think if you take your time to think about this, hopefully you will be able to understand why it is that the public infrastructure is collapsing. Citizens of Nova Scotia “you” / “we” have a crisis on “OUR” hands and the present political parties are not going to help prevent it, they are only going to enhance it.

HawkeyeNews is receiving some wonderful letters from our youth who are attending university , there complains are , they think the Universities Boards are stacked with the same pigs that are ripping off our tax dollars. They also think that the business community have set up within the universities to make sure their business agenda and political agenda’s are taught. **“Bright Students , aren’t they?”**
