## DENR launched Tree Planting in FCIE

*Tree planting activity, set inside FCIE open area on June 5, 2008.*

The Department of Environment and Natural Resources (DENR) through Provincial Environmental Office (PENRO) in Cavite launched a tree planting activity at the First Cavite Industrial Estate on June 5, 2008. This project was made possible through the support and assistance of the FCIE Association, Pollution Control Officers of FCIE and the Green Armies. Also present during the tree planting were Ms. Judy Fabro of PENRO and Mr. Eriberto Saños of CENRO-Cavite. The objectives of this project are to promote clean and green environment and also develop awareness of workers in FCIE.

## TURNSTILE AT THE FCIE PEDESTRIAN GATE

Four sets of Turnstile were installed at the pedestrian entrance on September 15, 2008. This is to prevent intruder's access in FCIE and at the same time promote order in our main pedestrian gate especially during rush hours.

## FCIE PEDESTRIAN OVERPASS

A joint project of Congressman Gilbert Remulla and First Cavite Industrial Estate Association Inc, the FCIE pedestrian overpass was opened for public use on September 4, 2008 to ensure the safety of FCIE employees crossing the Governors Drive. The overpass has been very beneficial not only for the workers of FCIE but also for the nearby residence of the Brgy. Humayao, Pueblocillo subdivision and Grand Garden Villas as well.

Proper loading and unloading bay were also implemented in front of FCIE to ease-up traffic congestion, ensure safety of the commuters, and to impose discipline to workers of FCIE and tricycle, jeepney and bus drivers conveying passengers in the area.
