

Hunger Strikers' Statement

Date: June 11, 2006

Dear US President George.W.Bush
Vice President
And US Government members,

We had planned to demonstrate hunger strike activity peacefully somewhere at front of White House. The date to start our activity is at June 18, 2006 when the same time that ethnic Chin former professor Sali Tun Than will go back to Burma without fear of being arrested or being killed by military regime of Burma and same day of our National Leader Aung San Suu Kyi's 61th birth day.

A. Aims and objectives of our strike

1. In order to enforce Professor Sali Tun Than's activity and to support his security by the power of US government
2. In order to have successful decision in UN security council for Burma's issue that was initiated or led by US government by passing some stumble countries like China, Russia and Japan which are trying to shake bloody hands of Butcher military government of Burma.
3. If current UN security council's decision is failed to make for any reasons, we request to President George.W.Bush and his government to take US intervention on Burma as necessary to achieve freedom or democracy before the end of 2006 in order to avoid upcoming unnecessary complications like bloody massacre with people's uprising or new civil war fired by armed forces inside.

B. Duration of our strike

At first day (June 18) we will start our strike with 3 or more hunger strikers and it will last at least 7 days or more. We expected to do our strikes, may be daily demonstration or may be strikes with interval by rotating groups depending upon participation up to 8.8.2006, the bloody memorial day of 8888 people's uprising.

(Exception: although we had planned long term strike daily or with interval time, we will stop our strike activity-

1. If we get satisfactory written response or commitment from President Bush and his government or
2. If we have the opportunity to see and discuss with President George.W.Bush about Burma's true situation and getting satisfactory verbal promise from President.

Thank you all
May God bless US president and people of America

With respect

First day hunger strikers:
