Still Thinking About You

I've done alot in life that I'm not proud of
Like the time I went and found me someone new
But when I held her in my arms at night
I found myself still thinking 'bout you

When I go by all the places we would go to
It reminds me of the things we used to do
And even though I'm there with someone new
I find myself still thinking 'bout you

Chorus I find myself still thinking 'bout you
And missing all the good times we once knew
Where ever I go or what I do
I find myself still thinking 'bout you

When I'm with her I find myself a longing
For your love, but I know we are through
But even still I find myself a wanting
To hold you the way I used to do

I know now what it's like to be free
Even though the price is feeling so blue
And it doesn't matter where my life takes me
I find myself still thinking 'bout you

Chorus I find myself still thinking 'bout you
And missing all the good times we once knew
Where ever I go or what I do
I find myself still thinking 'bout you

Bridge I've got to face reality
That you will never be coming back to me

Chorus I find myself still thinking 'bout you
And missing all the good times we once knew
Where ever I go or what I do
I find myself still thinking 'bout you
I find myself still thinking 'bout you
