THE SIMPLE THING IN LIFE

By
Sammie Lee Marler

- I I don't have much money, I don't own no land
But I've got lots of friends that I'm proud to lend a hand
When I wake up each morning, I wake up with a smile
It's the simple things that make my life worthwhile
- II Like sittin' 'neath a shady tree and pickin' my guitar
Campin' in the summertime and gazin' at the stars
Tellin' jokes, swappin' lies in the wee hours of the night
I love the simple things in life

CHORUS

I love the simple things, the simple things in life
My idea of heaven is my two kids and my wife
You got to keep it simple if you want to get it right
I love the simple things in life

- III I love to lay with you and watch the logs burn down
As the fire softly turns to coals, and the snow falls on the ground
Then the fire in your eyes lights up, your passions burning bright
I love the simple things in life

REPEAT CHORUS
