Dear God in heaven I pray  
You'll be with me every day  
If I follow you Lord, I have been told  
That I'll go to heaven , where the streets are gold

My days have been filled with strife  
But your word brought strength to my life  
You have been there for me, bearing my load  
You'll be with me in heaven, where the streets are gold

## CHORUS:

Yes, Lord you've been by my side  
Through the laughter, through the tears that I've cried  
You we're there in my youth, you'll be there when I'm old  
You'll be with me in heaven, where the streets are gold

I'll leave this world one fine day  
And only take what I've given away  
I know I'll be happy, there in your fold  
When I get to heaven, where the streets are gold

Tag: Yes, I'll be with my Savior, in that beautiful home  
Together in heaven, where the streets are gold
