## REGIONAL NEWS

### Zephyr convertible priceless to pair

**Me and my car**

**T**imaru woman Mary-Jean Wood loves going topless — in her convertible that is. Ms Wood, and partner Phil Rooke, are the proud owners of a 1961 Ford Zephyr mk II convertible. The car-crazy couple admitted there was nothing better than jumping into the car and going for a drive. However having the car's roof down could create some "hair-raising" situations. "It's awful on my hair," Ms Wood laughed. "It blows it all forward. It's a bit like having a blow wave." For situations such as these accessories are required. "I have to wear a hat or put on a scarf." Ms Wood and Mr Rooke have had the car for three years. "I really like Zephyrs," Mr Rooke said.

"It started off in 1983 when I bought a mark III Zephyr." The couple attended their first Zephyr convention in 1984. "And we've been to every one, every year, ever since," Ms Wood said. The passionate pair would not divulge how much they had purchased the car for. "You don't tell the price of a car," Ms Wood said. "But we have turned down nearly \$100,000 for it," Mr Rooke added. The couple have fully restored the convertible into a beautiful beast. "It has new upholstery and has been painted twice," Ms Wood said. Another addition has been a personalised plate bearing the name MK2RAG.

Leslie Beckingsale, Neil Brown and Ross Brunton have yet to "write anything you like" (within reason) for the magazine for the March 2006 edition.

We will now add two more names to list in the hope that club members will get in behind their magazine and make it their own!

Don Campbell and Peter Casey are the ones in the hot seat for next months magazine.

My email is at the front of the magazine and our address is 226 Douglas Street, Timaru.
