Set MK 3 Zodiac Kick Plates and Aircleaner

A young bride and groom-to-be had just selected their wedding rings. As the young lady admired the plain platinum and diamond band she had chosen for herself, she suddenly looked concerned. "Tell me," she asked the rather elderly salesman, "is there anything special I'll have to do to take care of this ring?" With a fatherly smile, the salesman said, "one of the best ways to protect a wedding ring is to soak it in dishwasher."

Patearoa - Ranfurly Trip

Friday afternoon with still a little drizzle falling, we met up with Phil & Mary-Jean at the Caltex station, (One of us had to put petrol in to get to the petrol station - the one who lives closest) We had a good trip down to Palmerston & met up with the Roses to cruise to Patearoa. Bob & Ann joined us there for a quiet night & chat with the locals.

Saturday morning we headed into Ranfurly for the Art Deco festivities. Meeting up with the rest of the club members we wandered down the street. We had a great day watching the entertainment & hunting for bargains etc. Some of the group went in the parade while others sat in the shade & watched.

About this time Bruce & Judy & friends had to head back home due to a family illness, our thoughts were with you & we missed your company at Patearoa.

Most of us sat out in the sunshine for the evening, some went for a short walk round Patearoa. As usual some got a bad case of verbal diarrhoea which entertained the few locals still at the pub.

Sunday after a large breakfast, we headed home, noting as we drove over the Pig Root that Lead Foot Phil LOVES the sound of his Mk 2. Being in a Mk 4 which is a smooth & quiet cruising vehicle, even with the stereo turned up we could hear Phil cruise for awhile then down would go the foot to get that sound, it's called turning petrol into pleasure - or trying to keep ahead of a Mk 4, what ever smokes your tyres.

Great weekend & Thanks to the Patearoa Pub & organisers.
