

RETAIL/VENDING LETTER

The purpose of this letter is to advise you that **(Store/Vender Name & Number)** will be accepting and dispensing the Golden Dollar in the same manner as we accept and dispense other coinage.

This decision is based upon the high demand from our customers who want to use the Golden Dollar in their transactions in our stores/machines on an on-going basis. It is our understanding that there is great demand for the Golden Dollar on a national basis.

As our banking representative, we look to you to take a proactive approach with the Federal Reserve (or correspondent bank) in ordering and managing our coinage needs for Golden Dollars.

We have analyzed our volume requirements and have attached both the initial order and on-going monthly needs.

Please order these coins in the quantities specified from your cash officer at the Federal Reserve (or correspondent bank) on the earliest possible timing. These orders should be earmarked for **(Store/Vender Name & Number)**. We will want to be notified concerning the expected delivery date and quantities so that we can plan accordingly.

In addition, we expect that you will change your coinage order form to incorporate the Golden Dollar coin so that we can reorder for this business on an ongoing basis.

Please advise.
