

How to help Don while he is in prison

Don has aided the movement since he helped founded it way back in 1969 when he organized the draft card burning at the YAF convention which is known as the start of our movement. He is known for being an activist, petitioner, theorist, songwriter, humorist, organizer of events and a networker to the pagan, green and legalization communities. He is quoted or described in at least 4 books including Brian Doherty's book *Radicals for Capitalism* and his autobiography was published. While he is in prison for conspiracy to sell MDMA and hemp he would love to hear from you. He has no access to a computer. You do not have to do all that's here. Don is a man of varied interests, talents, needs and interesting stories. Here's what you can do to help our old imprisoned friend, writer, theorist, organizer, fundraiser and humorist

1. Don would love to know what is happening in the world. Developments in the Paul campaign, the drug war, the war in Iraq and other issues. No need to write long letters but these would be gladly appreciated and answered. Just download interesting stuff from the web and send it to him. He will comment on your writings if you like. He would like zines, clippings and humor as well. Soft cover books may also be sent. Write first for instructions about hard covers. Do send a Paul bumper sticker. If you do not want to write then send your submissions to his e-mail address freedonnow@yahoo.com. and others will mail it to me

2. Read his stuff on the net. Don has written for *Liberty*, *Reason's Hit and Run* and numerous blogs. He would like comments and copies of his work sent to him so he can edit and add to them and show them to other inmates.

3. Don would like to know what is happening in the movement as well since we are now experiencing exponential growth due to the Paul campaign. Any comments about what changes are happening now in the movement and in the world would be appreciated so that Don can hit the ground running and help immediately when he gets out.

4. After getting out of prison in 2008 he will require help in finding work and a place to live. He is willing to move to just about anywhere in the US. He has taken a Microsoft Office course and would like to help in fundraising and organizing for some libertarian organization at some point. He has had experience in fund raising and sales. Don is not sure whether he may have to live in a half way house or exactly when he may get out. Don cannot work in any commission only jobs. To know more about him read his autobiography or write him. It was printed in *Liberty* magazine called *Present at the Creation* in June 2004.

5. He is not just interested in libertarian politics but is also interested in goings on in other movements such as the Green Party, the anti-war movement, taxpayer organizing and the possibility of a conservative third party attempt in 2008. In 2002 and 2004 he organized booths at Green Party conventions and would like to know that this tradition will be continued.
