No treasures report

Larry Ashley and Lisa Pacheco were at the meeting to discuss the lease agreement. Larry was explaining how much time and money the grass cutting for the town costs. He was looking for help from FYAA for the cost associated with the lease agreement. The town budget was mentioned and Larry and Lisa both fear that the town will not have the funds to support the grass cutting in the future. Larry was looking for the FYAA to cut the grass for the lease. The FYAA was looking for the town to do what they have always done and continue cutting the grass. They would like to review each year to see where the budget lies.

Language on the lease is being revised so both parties agree to it.

Water at KRR is still not running. There is progress being made with the town and there was a meeting on Jan. 7th.

There were no division updates at this time

Intertown softball meeting taking place on Tues. Feb 12.

Waiting on a response for the meal tax. Would like to have some fees waived. Have been trying to get all the meal taxes from the past years paid up to date.

Next meeting Tues. Feb 12th. Will talk about opening day at this meeting.
