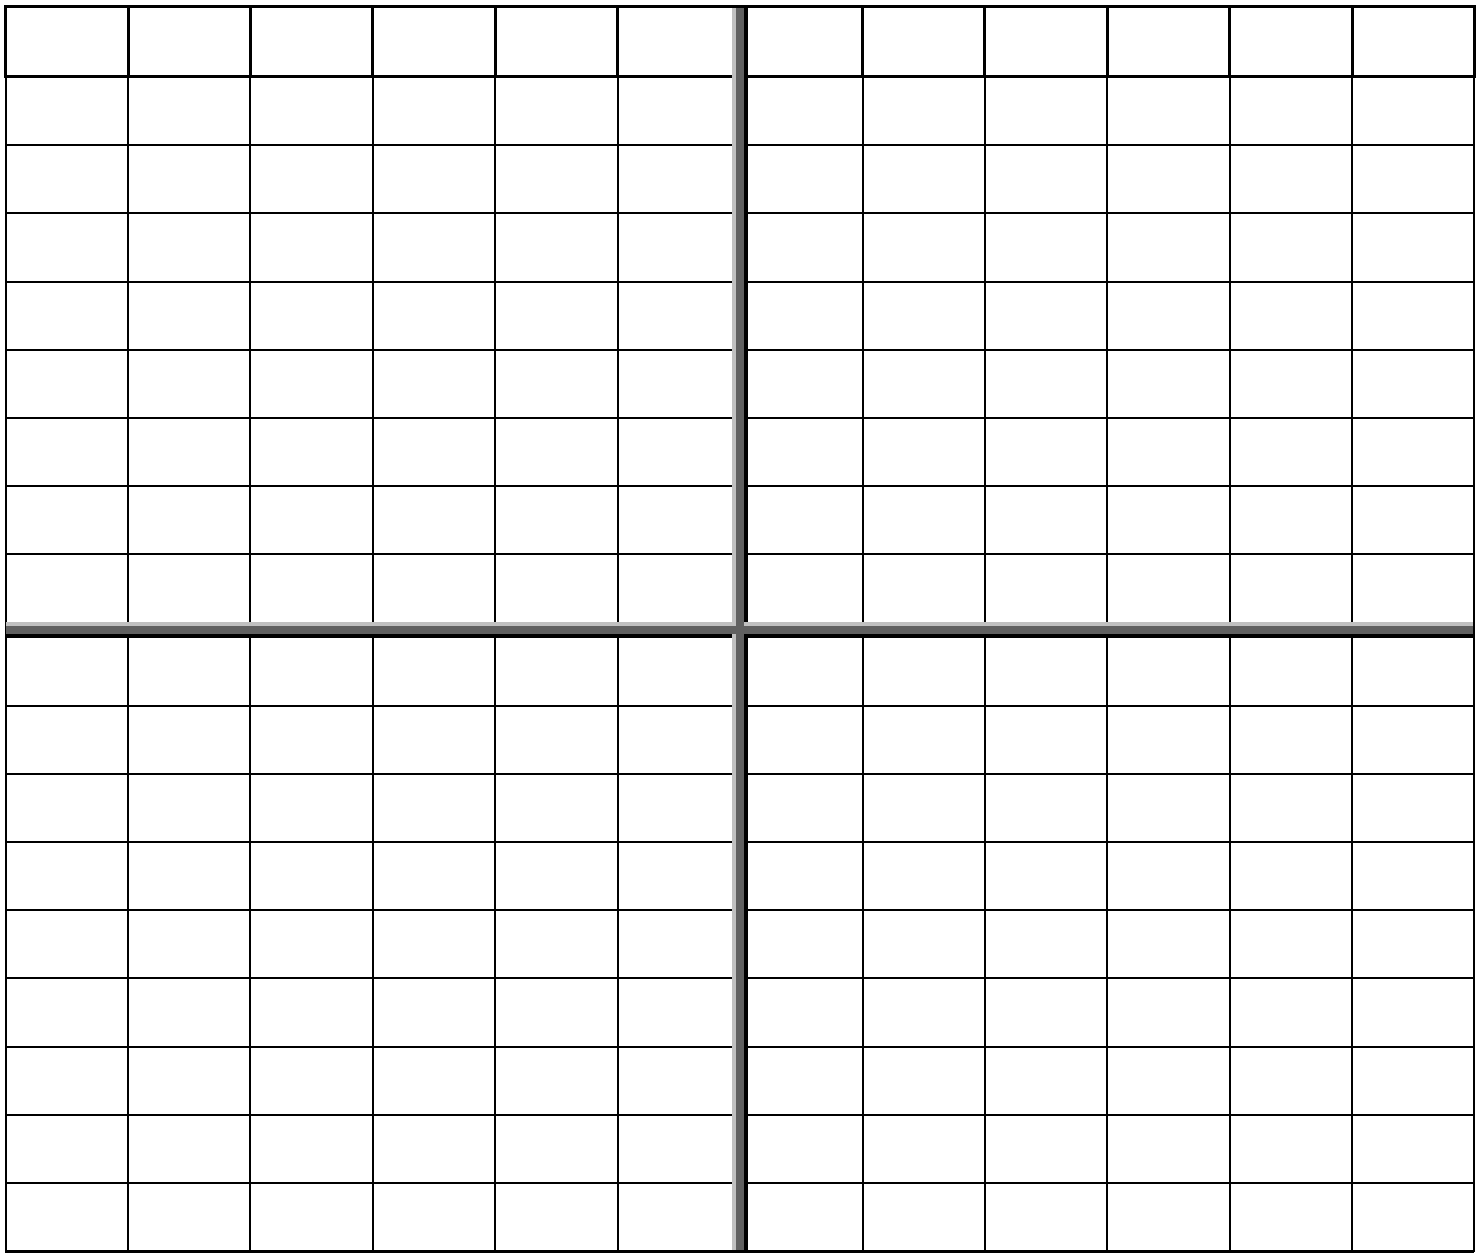
Name: _____

My Coordinate Design

1. Sketch a simple graphable design by connecting points on the coordinate plane below.
2. On the attached page, **neatly** write out **all** of the ordered pairs you used to create your picture. $\left(\frac{x}{\leftrightarrow}, \frac{y}{\updownarrow}\right)$
3. Create a **neat** final draft of your design. Have fun!

Sketch/Rough Draft

$(-,+)$ $(+,+)$

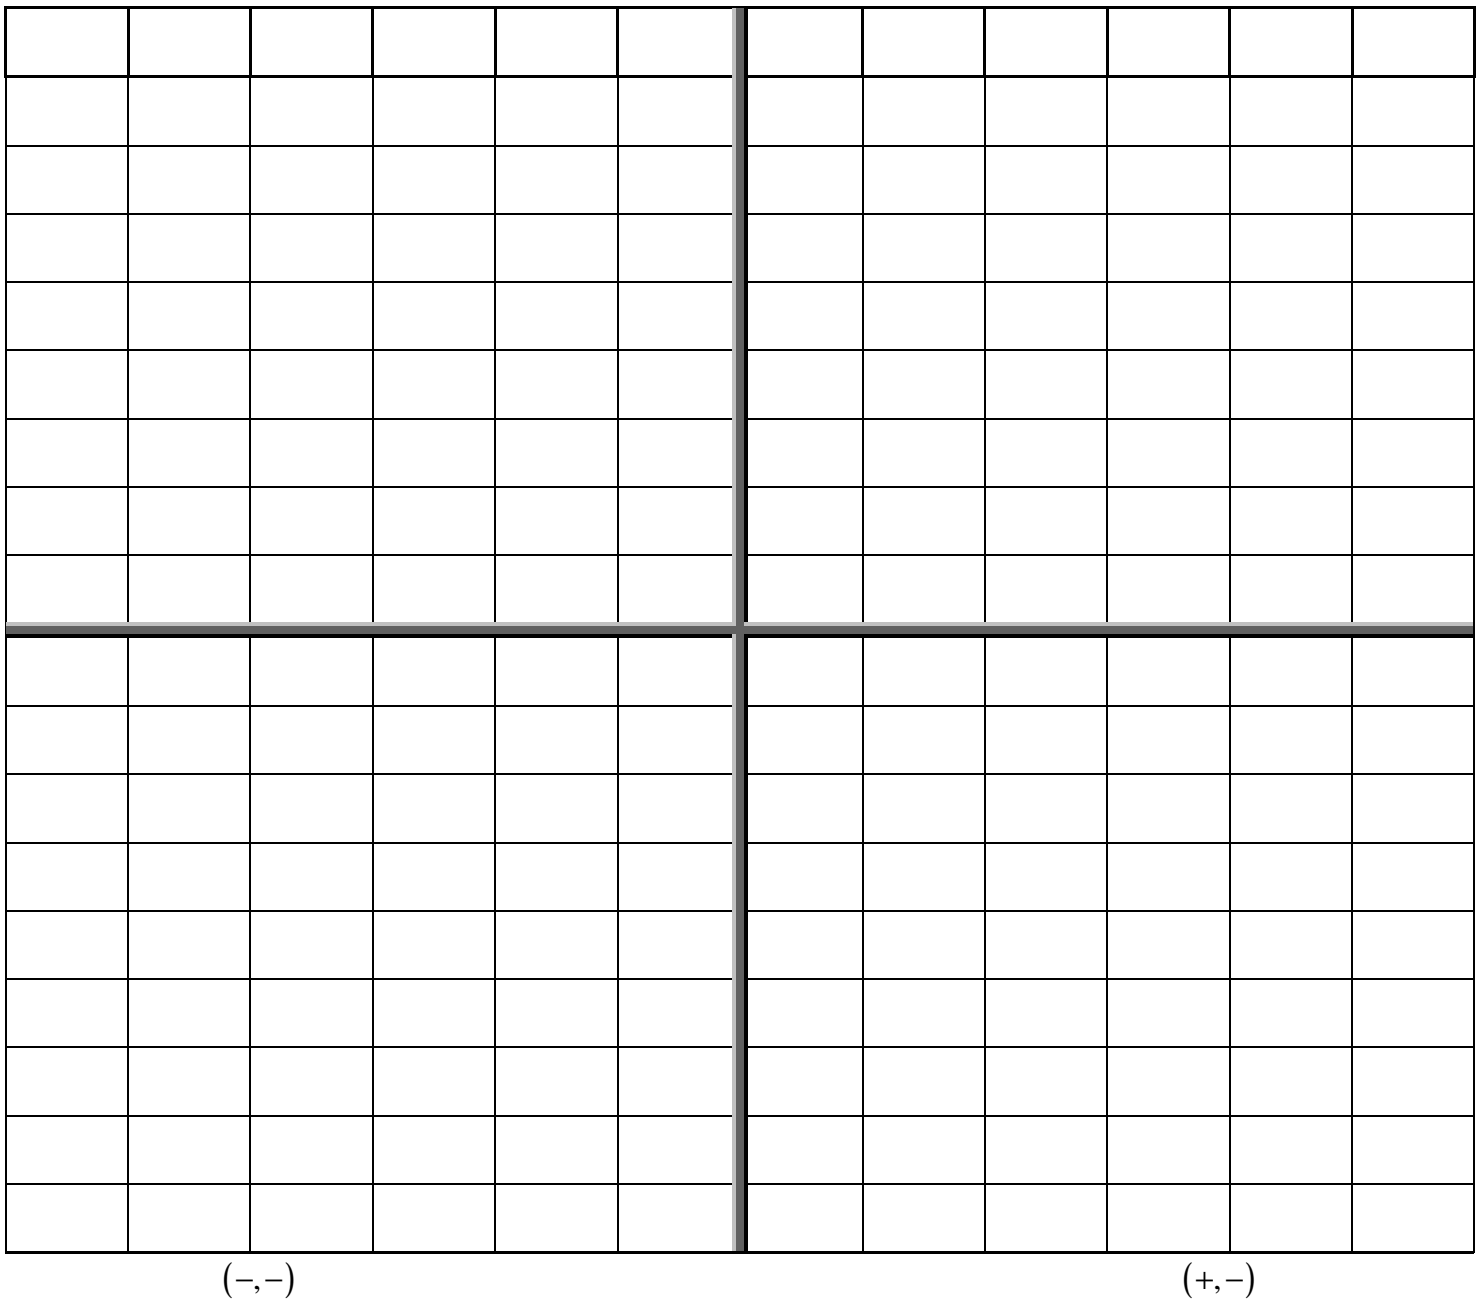


$(-,-)$ $(+,-)$

Name: _____ Period: 1 3 4 8 (circle one)

Final Draft

$(-,+)$ $(+,+)$



$(-,-)$ $(+,-)$

Ordered Pairs (x, y)
