

# Pizza for Polly

Multiplying mixed numbers

Name \_\_\_\_\_

Polly is wild about pizza. To find out what she has on her pizza, multiply the mixed numbers by the pizza toppings below. She ordered the ingredients whose products are correct. Write the correct answers to the problems that are wrong.

pepperoni  $2\frac{1}{2} \times 3\frac{2}{5} = 8\frac{1}{2}$

onions  $3\frac{1}{8} \times 2\frac{2}{5} = 7\frac{1}{2}$

black olives  $2\frac{1}{4} \times 5\frac{1}{3} = 12$

tomatoes  $1\frac{1}{20} \times 5\frac{5}{7} = 7$

bacon  $1\frac{3}{8} \times 5\frac{1}{3} = 7\frac{2}{3}$

Canadian bacon  $2\frac{4}{15} \times 22\frac{1}{2} = 48$

mushrooms  $1\frac{1}{6} \times 3\frac{3}{4} = 4\frac{3}{8}$

anchovies  $8\frac{2}{3} \times 4\frac{1}{2} = 39$

sausage  $5\frac{1}{4} \times 1\frac{2}{7} = 7\frac{1}{4}$

jalapeño peppers  $2\frac{5}{6} \times 1\frac{1}{2} = 4\frac{1}{4}$

pineapple  $2\frac{3}{10} \times 1\frac{3}{7} = 3$

extra cheese  $4\frac{2}{3} \times 1\frac{1}{5} = 5\frac{2}{5}$

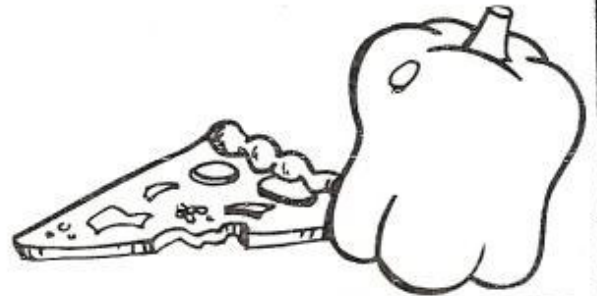

green peppers  $2\frac{1}{10} \times 8\frac{1}{3} = 17\frac{1}{2}$

meatballs  $1\frac{5}{6} \times 2\frac{2}{5} = 4\frac{2}{5}$

List the ingredients Polly had on her pizza.
