

1 年生 - 11th Lesson –
SPEAKING PRACTICE
Dates: January 19-23, 2004

I – READING RELAY (15 MINUTES)

- Choose a passage from the textbook
- Rows are teams. Everyone stands up.
- 1st person in the row reads the passage out loud and sits down when they are done. Next person reads and so on down the row.
- The first row to finish wins. **PRIZE:** 10¢ for each person in the row
- We can do this with all the rows reading at once, or else one row at a time and use a timer to see which row is fastest.

II – KATAKANA CHARADES (25 MINUTES)

- Students work in groups of 4 or 5
- Each group chooses a katakana English word.
- They must write down a description of this word in English without using the actual word. **LIMIT:** 3 sentences in 5 minutes.
- One group reads their description out loud and all the other students in the class try to guess what the word is. The person who guesses gets 25¢.
- Once the word is guessed, we explain the difference in pronunciation from Katakana to English.
- The group with the student who guessed correctly is the group to go next.
