@ Complete System Set-up (on-site)_____	\$50.00_____ \$35.00 (Depends location)

Fee Descriptions

Standard Bench Fee - all diagnostic and/or repair work, this includes hardware and software diagnostics, installation and repair (cost of hardware & software not included). This includes 1 hour Labor. Each additional hour is billed at \$25.00.

Pick Up Fee - WES will pick up your computer from your home or business and take it to shop for service. After the system is at WES, standard hourly fees will apply (depends on location).

On Site Diagnostic Fee - If you would like to have a WES technician out to your home or business to do diagnostic or repair work (cost of hardware & software not included), this fee applies **per hour** (depends on location).

Complete System Setup - WES can for an additional \$35.00 (depends on location), have one of our technicians come to your site and completely set-up and install your system on-site (cost of hardware & software not included). This includes a limited amount of software installation. Call for details.
