

## Camp Goals

1. To develop a true love of the great game of volleyball. Volleyball is a terrific team sport where many types of players are needed to have a successful team.
2. To increase each player's fundamental skills, which are so important to becoming a good player. Proper instruction, practice, and repetition will be provided in a fun context.
3. To learn how to play volleyball in a group. Groups could be the traditional six on a side, or groups of three or four.

This camp is designed to help players at all levels to improve both their physical and mental skills. Through individual instruction, team competition, and verbal feedback, coaches and staff will provide an enthusiastic environment ideal for learning. The coaching staff will be teaching and developing skills from the basic fundamentals to advanced techniques and systems via drills and competition.
