

# THE TINFOIL TIMES

THE MONTHLY NEWSLETTER OF THE GOLD COAST TREASURE CLUB, INC.

VOLUME 32 NUMBER 7

JULY 2007

**THE NEXT MEETING WILL BE 7:30 P.M. JULY 12  
AT THE WEST PALM BEACH GARDEN CLUB IN DREHER PARK  
IN WEST PALM BEACH, FLORIDA**

*OUR CODE OF ETHICS: HAVE PERMISSION AND DO NO HARM*

## TEST YOUR SKILLS AT THE JULY MEETING

Don't miss Thursday's meeting! You will want to bring your detector (or detectors) to determine which ones have the best sensitivity, accuracy and pinpointing ease. There will be stations set up behind the Garden Club where you can test your knowledge and your skill. **Ken Lubinski** will be in charge of the station that will see how well you can target ID various metal objects. **Richard Zabriskie** will test your skills at accurately pin pointing a target. **Linda Bennett** will supervise a station that will test your machine's target discrimination abilities. These stations are designed to hone your skills, so come prepared WITH your detector!

In case of rain, we will continue our evening of learning, networking, etc. inside the Garden Club.

Thank you in advance goes out to **Linda** and **Trent Bowen** for volunteering to bring refreshments for our meeting. **Bob Smirnow** also deserves a thank you for volunteering to bring the Mystery Item.

## JOIN US FOR SOME PRE-MEETING FUN!

Each month, a group of us gather for dinner at 5:30 p.m. before the meeting. Everyone is welcome! Join us in the back room of **PA BBQ**. Dinner is Dutch Treat, meaning, we each pay our own way. (For directions, please check a prior newsletter.)

**Park Ave. BBQ & Grille  
2401 North Dixie Hwy (US 1)  
Lake Worth, Florida**

***Please remember to return any library books or videos that you checked out last month.***

## CLUB HUNT

There will NOT be a club hunt in July because it is TOO DARN HOT. But there will be a scavenger hunt instead. See the insert for a copy of the items and the rules. Silver prizes will be awarded at the August meeting.

**Ken Lubinski** and **Betty** and **Jerry Laur** will host a club hunt on August 12 at Carlin Park. The cost will be \$2/hunter. More details will be in the August newsletter.

**Ben Smith** and **Karen Larson** will be hosting the club hunt in September. The date and details will be announced in the September newsletter.

*Hunt Master Linda is always looking for new ideas for hunts. If any member would like to host a hunt, give her a call. She will give you the details.*

## HUNT MASTER'S EDITORIAL

Many club members have their own special or "secret" places to metal detect that they like to keep to themselves. Their time invested in research and actual hunting has resulted in certain areas that produce consistent finds. Understandably, they don't want to tell someone, only to find that person and others frequenting "their spot." Some may not agree, but we ask that you respect the feelings of those who DO believe in keeping their spots private.

Unwritten treasure hunting etiquette stipulates that you should not ask the exact area found (i.e. Delray Beach). Instead, ask was the item found in the water, on the beach or on land. Do not be disappointed if the individual does not want to give you a specific area. They are not being unfriendly. These same members are more than willing to share general tips on hunting or using a particular metal detector.

## JUNE CLUB HUNT

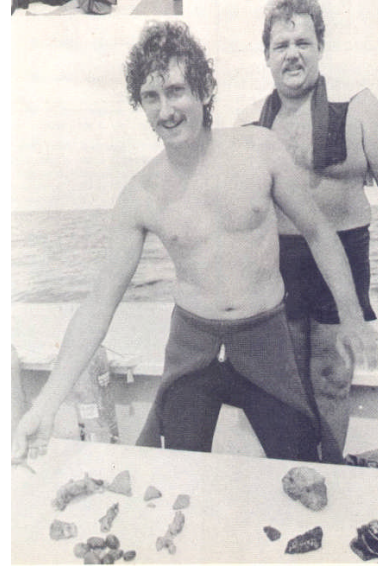

Sharing good times and good food with fellow club members always make a successful club hunt even if the finds are lacking. Seven members shared a hot but fun day together in Okeechobee. **Steve and Gail Hoskins, Linda Bennett, Karen Larson, Ernie Bouyoucas and Ben Smith** carpooled/caravanned together after breakfast at Cracker Barrel's. **Wayne Daniels** met us at Okee-tantie Recreation Area after working all night as a paramedic. The popular recreation/camping area didn't produce as much money or jewelry as it has in the past. Anyone hunting the river banks made sure they didn't turn their back to alligators. The last count of large alligators cruising the river was seven. Lunch was at the Lightsey Restaurant where Steve's dad had donated a deer head that was displayed along with various other animals and fish.

The group moved to a local playground and picnic area to hunt before hitting the final spot of one of the piers on Lake Okeechobee. With the lake at a record low, we were able to hunt under the pier. Coins were frequent along with keys and other miscellaneous items.

## WHO IS THIS DEBONAIR YOUNG MAN?

Come to the July meeting and receive a copy of an article published in 1987 to find out.

*Thank you to Jim Sharp for providing the magazine article.*

\*\*\*\*\*

## FOREIGN COINS

Our club, along with the South Florida Treasure Hunter's club, collects foreign coins throughout the year to donate towards a summer camp hunt for handicapped children in Texas.

**Keith Wills** reports that for the 12th year this event was held in June at the Texas Lions Camp for Handicapped Children in Kerrville, Texas. More than 100 kids and 40 counselors were taught how to find treasures with a metal detector. Thanks to all who made it possible!

## MEMBER UPDATES

Please remember those members who are not able to metal detect – **Don Caplinger, Irving Smith, James Wilhelm** and **Dorothy Mills**. Calls are always welcome!

Our friend, **James Wilhelm**, is in Houston, Texas for continued medical treatment. Keep James in your prayers during this time and send him a note, as he would love to hear from you all. (James sends his thanks and misses us!)

**Send mail to:**

## TALL TALES TABLES TOTALS FOR 2007 AS OF JUNE 2007

DOLLAR AMOUNT: \$2790.55

PLATINUM: 2

GOLD: 68

SILVER: 130

\*\*\*\*\*

## RICHARD'S TIP

“Look on top of the white boxes on South Beach – I found a \$1.40 in change last time I was there.” Also, check the beach prints – look for the “butt print” almost always finds change there.

\*\*\*\*\*

## MEMBER TIPS

**Paul Hamlin** – Anyone using the electrolysis system I demonstrated last month, please remember to use **DISTILLED WATER**.

\*\*\*\*\*

## LOCKS FOR LOVE

**Al Bergrud** recently cut his 14 inch pony tail to donate to **Locks of Love**. His wife, **Mitzi**, will miss the beautiful curly pony tail but she is proud of his dedication to grow it for children who have developed long-term medical hair loss. Way to go, Al!

Mission Statement: Locks of Love is a public non-profit organization that provides hairpieces to financially disadvantaged children under age 18 suffering from long-term medical hair loss from any diagnosis. The prostheses we provide help to restore their self-esteem and their confidence, enabling them to face the world and their peers.

## HAVE DETECTOR, WILL TRAVEL

**Ernie Bouyoucas:** I started this trip in Doylestown, PA (30 miles N of Philadelphia). I only got to hunt my niece's back yard due to time constraints. I found about 30 cents in change, including a wheat penny. I also found an old .50 caliber bullet of unknown origin.

While in Ashburn, VA (a suburb of Washington, DC) I was shown to the Battle of Dranesville site by Mr. **Ron Zartman**, a member of the Northern Virginia Relic Hunter's Association. I had e-mailed the club prior to my departure and he was one of a few who responded and volunteered to take me TH'ing on a Civil War site. Four hours on the site netted me many modern era cartridge cases, bullets & shotgun shell casings. I also found a .69 caliber musket ball, a .54 caliber bullet and another smaller bullet all from the Civil War battle. Gnats, ticks and barbed wire were also abundant.

This trip was a marked improvement over my January trip to the same areas when the temperature was 25 degrees and the ground was like concrete. It's tough enough to dig anyway with its high clay content.

**Jason Petenbrink** - Got up early to hunt a beach “on the Atlantic Ocean” because the water was dead flat. After three hours of hunting, he noticed lifeguards waving everyone from the water. As he made his way to the beach, a 7 ft shark was cruising between Jason and the beach. This was a first for Jason, a close up look at a shark. After the all clear was given, Jason calmly went back to hunting in the water. Unfortunately no gold was found, just sharks. Jason shared this information with **Stacey** the next day after she had already put in her first full day of water hunting. Jason didn't want her to worry about becoming shark food.

**Gary del Rosal** – He is a former member that moved to Alabama. He and his family have been traveling in Spain, Portugal and Italy for seven weeks. He has kept me (**Linda**) updated through emails and pictures of his trip. Below are photos of a coin found in Sagres, Portugal while he checking out an old fortress/pousada.

## JUNE PROGRAM

Vice President **Stacey deLucia** officiated the June meeting because President **Ernie Bouyoucas** was out of town (see "Have Detector, Will Travel"). Five guests and a new member, **Joannie Bracco**, were welcomed. Stacey was successful in selling the Nordic Track that was donated by **Paul Hamlin**. \$50 was added to the treasury. Thanks, Paul and Stacey!

**Mike McMorrow of the Palm Beach Beach Patrol** gave a talk on beach hazards. He brought informational pamphlets on Sea Lice and rip currents. Rip currents were discussed in depth with up-to-date details given about the problems encountered during this past Memorial Day. He said the things to remember if you are caught in a rip current is to not panic, signal with your arm for help and flow with the current until you do not feel any pull, then swim back to shore.

For painful Man O' War stings – use Benadryl and meat tenderizer. Also, Benadryl will help with Sea Lice. When you are in the water with Sea Lice present, "wear as little clothing as possible; the parasite likes tight fitting places, and one of the life guards I know uses baby oil to help defray the parasites."

Mike fielded many questions from the members regarding sharks, saying "It is more dangerous crossing the streets." His presentation related several stories of his experience as a professional life guard – it was a very informative program.

Guests **Jason Innes** and **Jon Consiglio** of the Lantana's **Batteries Plus Store** donated a light that attaches to hat visors and 24 double AA batteries for the club's raffle. They spoke to the members about batteries and a free service they do for rechargeable batteries. Their equipment can recondition rechargeable batteries in a three-cycle analysis that takes 24 hours. The process erases the memory, will take the discharge down far enough to allow the battery to be recharged to its fullest potential, and will indicate the retention value of the battery (i.e. 75% charging retention etc). They further advised that when using household wireless phones, take them off the cradle during the daytime, then at night replace them on the cradle. This will allow the phone to hold a charge longer. Batteries Plus promised to donate items on a regular basis, so please be sure to patronize our sponsor. Batteries Plus is located at 6250 Lantana Road, Suite 1 (behind the Outback Steak House).

Thanks to **Nikolay Malchev** for volunteering to provide the refreshments and to **Stacey deLucia** for the Mystery Item. Also thanks to **Donna Russo** for providing a contact for our speaker for the August meeting.

If you find a cell phone that is in fair to good condition but has a dead battery – call **Jim Sharp** at 561-966-6986. Jim has all kinds of chargers and will do his best to help you return the phone.

## RANDOM ACTS OF KINDNESS

*Certificate presented for returning an item to its rightful owner*

**Cheryl Petenbrink – Keys**  
**Bob Smirnow – Cell Phone**  
**Bob Smirnow – Class Ring**  
**Jan Smirnow – Cell Phone**  
**Jan Smirnow – Class Ring**

*We recognize members who go out of their way to provide selfless service to our community. Kudos to you for advancing our hobby by returning items to their owners!*

\*\*\*\*\*

June birthday celebrants **Paul Hamlin** and **Ken Lubinski** received a silver quarter for attending the meeting during their birthday month. **Happy Birthday!**

### HAPPY BIRTHDAY THIS MONTH TO:

**Gerard Beaulieu (7/12)**

**Linda Bennett (7/23)**

**Janet Felton (7/11)**

**Betty Laur (7/23)**

**Tammy Lobota (7/27)**

**Kevin Reilly (7/19)**

**Ben Smith (7/5)**

**Harry Sommers (7/26)**

**Richard Zabriskie (7/7)**

*What do the above people have in common? If they come to the meeting during their birthday month, they each will receive a gift of a silver quarter!*

\*\*\*\*\*

### DONATIONS

Thank you to **Jon Consiglio** of **Batteries Plus** for the donation of a visor light and a 24-pack of AA batteries. Batteries Plus is located at 6250 Lantana Road, Suite 1.

\*\*\*\*\*

### TALL TALES

**Paul Hamlin** – "Last month there was talk about cigarette packages, well I dug one up at South Beach and low and behold, inside was a driver's license and a \$10 Bill!"

## STILL WANTED: EYEGLASSES, CELL PHONES AND INK CARTRIDGES

Club members are encouraged to bring in **prescription glasses and sunglasses**, which will be donated to underprivileged people suffering from vision problems. **Stacey** collects these during our monthly meetings so the club can donate them to the South Florida Lion's Club. Please bring any unwanted eyeglasses to the next meeting and deposit them into the collection box at the back of the room. **Thank you!**

**Jan Smirnow** collects cell phones and ink cartridges. She was able to sell the ink cartridges for \$62. **NOTE:** All ink cartridges need to be kept enclosed in a plastic baggie so the cartridges do not dry out. Dried out cartridges are NOT reusable. She is still researching where to donate the cell phones.

## CLUB T-SHIRTS

Club t-shirts are in the process of being designed. More information will be provided at the September meeting.

## SCAVENGER HUNT

Use the list below to keep a total of the items found while metal detecting. The scavenger hunt will start **July 13** and end when the meeting starts on **August 9**. Bring your list and the items to the August 9 meeting for judging and awarding of silver prizes.

- An item can only be used for ONE category check off. For example, a gold bracelet cannot be used for two separate categories, such as gold AND bracelet.
- Make a tally mark for each time the item is found. Yes, that means you can find 10 hot wheel toys and get credit for each toy.
- You must bring the items found and please show items uncleaned. Yes, you can clean enough to determine the date on a coin.
- Any item found for the scavenger hunt is also eligible for the different levels of the challenge hunt and may be entered into the Best Finds Contest..
