

FEBRUARY 2008

NEXT MEETING: Thursday, February 7

Graphic Designer Dong Shang will be the presenter at our February meeting. To learn more about her, please visit her website:

<http://www.freewebs.com/dongshang>.

Chuck Ulm really needs your ideas for programs, things you would like to see, and especially any contact information you might have for presenters or if you are willing to contact someone to do a program.

IMPORTANT NOTICE

Please be advised that mold has been found in a closet in the back of the Arts Council building where we meet. This mold resulted from water damage from a roof leak. Both the leak and the mold will soon be remedied.

The purpose of this notice is to make members aware of the issue so that they can use their own judgment on whether or not to attend the meeting. We know that there are people who may be sensitive to various types of mold and we feel that everyone should be aware of its presence. The February meeting will be held in a front room because of this. Our hope is that before the March meeting this issue will be resolved.

Exhibit Info

Please sign up!

For more information about the exhibit schedule, please contact Don Fisher, (229) 291-3952.

WANTED! The Airport is still in need of pictures! If anyone has work for the Airport, bring it to the meeting Thursday night and Don Fisher will hang it for you.
