

MAY 2008

NEXT MEETING: Thursday, May 1

The Program for this month will be **Member Show and Tell**. Bring any work that you'd like to share...works in progress, old stuff we've never seen. Show your childhood paintings or first artsy photographs, or maybe some first attempts with a new medium. Unveil your newest masterpiece...or, just for fun, I dare you to bring the worst thing you've ever created!

A big "Thank You" to Larry Bentley for his presentation last month on how to best photograph our artwork. We learned some neat tricks that will be helpful when submitting our work to juried competitions.

MOSAIC PROJECT

Members participating in the Guild's Member Show Project may pick up their canvas (s) at Thursday's meeting. Completed mosaic pieces will be due in September. For more information, please contact Cindy Davis.
