Power Tank HF-1000S

The Power Tank is designed as a fully automatic standby power system which will provide you with hours of back up power in events of blackout or brownouts. Despite its specially design tough anodized aluminium enclosure appearance, the Power Tank is extremely sophisticated and fully capable to function as a UPS or stand alone cold start electronic generator. THE POWER TANK CAN BE A UPS BUT A UPS CANNOT BE A POWER TANK

ADVANTAGES		TECHNOLOGY
<ul style="list-style-type: none"> Totally Eco-friendly No Irritating Noise No harmful Exhaust 	<ul style="list-style-type: none"> No Heat No inflammable Fuel No Maintenance 	The Technology being proprietary, the product can be tailored to suit any special needs of yours

SOME TARGET USERS
