

Wishing You Were Mine, From Afar

I really wish I knew what to say  
to make you mine for every day.  
It seems that no matter what I do  
will raise what I mean to you.  
It hurts me when you say  
you can't make a decision today.  
You don't know which way to go.  
You don't know what feelings to show.  
She has screwed up your life,  
and has made you think twice,  
before loving another again.  
I stand before you as I have always been.  
You know of my past history with men.  
I've never been closer to another being—  
It's you alone, I want to be seeing.  
I love you so much, why can't you see?  
To me, you're everything my future should be!  
It hurts me inside when you say, "No."  
"The me you won't like will start to show."  
Dearest...I will always love you!
