

Pain, frustration, rage  
My body houses in a cage  
You say I'm great and wonderful  
Guess I was nothing but pitiful  
Why must I fall like this  
Why won't I learn from this  
I guess I just have to deal with it

Nothing to do  
Nothing to say  
I want one  
But can't have it to stay  
I try  
I work  
Never going to get it  
All I do is get hurt

Wonder, hurt, confusion  
This is what paints an illusion  
Something isn't right here  
I don't know what I should fear  
I just know it's not good  
But I wish it would be good  
I guess I just have to deal with it

Nothing to do  
Nothing to say  
I want one  
But can't have it to stay  
I try  
I work  
Never going to get it  
All I do is get hurt

Love, like, hate  
Why must you make me wait  
I don't know how you feel for me  
What do you want this to be  
How could I do it  
Why did we do it  
I guess I just have to deal with it
