

2008-09 Season Rules

2008-09 Frozen Golfers Fantasy Basketball Rules.

We will play on a team vs team schedule. Standing will be based on won - lost record, then points scored by the players. If your team scores more points than you opponent, you get a win.

There will be a first half winner, a second half winner and an overall winner.

The first half ends 1-24-2009. The second half starts 1-31-2009.

You need to pick 5 players EACH week and play against the team shown on the schedule. You can use each player ONCE during the season. Players used will be indicated on the with the player stats.

Changes need to be sent to me by Saturday 6pm each week. I need the player IDNO and NAME to make the changes easier to enter. (5 new players each week).

You CANNOT use any players when the team they play for plays 5 games. Usually there are many teams playing 3 or 4 games. Pick your players wisely. You will be using 130 players. There are 30 NBA teams with 150 starters. You will be using almost every starter in the league over our season.

Entry fee is 20.00 - same as last year - payable the first week of the season.

The player listing will again tell you how many games each players plays that week.

The scoring system is as follows. Point scored = 1, 3 point basket = 2, Rebound = 2, Assist = 2, Steal = 3, Blocked Shot = 3.
