ORDER FOR MAYA PLAN SET

I wish to order one complete plan set for the Maya ultralight aircraft, consisting of:-

- 3-View drawing
- Detail and assembly drawings (14)
- Construction/Flight Manual

Terms and Conditions of Sale

- 1) The Purchaser accepts the terms and conditions of sale set out hereunder as being exhaustive and acknowledges that there are no warranties, representations, undertakings or agreements of any kind between the Designer and the Purchaser regarding the said sale except as set out hereunder.
- 2) The purchaser may return the plan set for a full refund within a period of 45 days from date of purchase if not completely satisfied.
- 3) The Purchaser acknowledges that copyright in each and every element of the Plan Set is owned by the Designer and agrees that he shall use the Plan Set for no purpose other than the construction of one aircraft in accordance with the Plan Set and further in particular that without written permission from the designer he shall not -
 - a) copy or reproduce any or all of the Plan Set;
 - b) disclose, license, sell or assign any or all of the Plan Set to any other person; or
 - c) modify any or all of the Plan Set.
- 4) The Purchaser understands and accepts that :-
 - a) microlight aircraft are permitted to fly in Australia pursuant to Air Navigation Order 95.10 made pursuant to the Air Navigation Regulations (Cth.) which exempts aircraft of the type to which the Plan Set refers from many of the regulatory requirements pertaining to general aviation aircraft in Australia including the airworthiness requirements contained in the said Regulations;
 - b) the prototype Maya has proven to be stable and pleasant to fly, however, owing to limited structural and flight testing of aircraft of this type an aircraft built from these plans may prove to be unpredictable and in some circumstances hazardous;
 - c) it would be hazardous to substitute alternative materials or hardware for those specified in the Plan Set;
 - d) any aircraft constructed from the Plan Set may require governmental inspection depending upon whichever laws are applicable; and
 - e) any aircraft constructed from the Plan Set requires frequent servicing and as such no specific allowances have been made in the design of the aircraft for wear, metal fatigue or other deterioration with time.

- 5) The Purchaser agrees and acknowledges that the Designer shall not be bound by or subject to any condition, warranty or obligation nor incur any liability of any kind whatsoever (including liability for negligence howsoever arising) in connection with this Contract or in connection with or in any way directly or indirectly related to the use of the Plan Set or of any aircraft constructed from the Plan Set whether such condition, warranty, obligation or liability is applied or imposed by virtue of any applicable statute, statutory rule, regulation or general law. This clause shall not exclude, restrict or modify any warranty which is imposed, or imposed by virtue of, any applicable statute, statutory rule or regulation insofar as to the extent to which such warranty cannot lawfully be excluded, restricted or modified.

I understand and agree to the terms and conditions of sale of the Maya drawing package as set out above.
