

The
GNOSTIC ASSOCIATION OF ANTHROPOLOGICAL, CULTURAL AND SCIENTIFIC STUDIES
will be providing free of charge a public lecture on the subject of:

THE TWIN SOULS

The Soul's Alchemical Wedding is among the highest levels of spiritual development that a Human Being can achieve. Such a cosmic event is possible by following the Path of the Perfect Marriage.

Gnosis is Science, Art, Philosophy and Religion. It is a "science with heart": the science of the consciousness. It is the principles underlying the fundamental religions; it is an universal, perennial philosophy; the esoteric wisdom in the works of art of the great civilizations and powerful cultures that have existed. **Gnosis** contains the keys

for full human development. In **Gnosis** there is the whole knowledge of the Secret Path. With the knowledge of the Esoteric Work, one can labour internally to achieve true individuality and independence. As one progresses along the Path, the soul's transcendental aspirations are gradually fulfilled and it acquires the powers to help humankind effectively.

Please note that, since the Path of the Perfect Marriage is grounded on Transcendental Sexology, forsaking any abuse or misuse of sexuality would become necessary. Furthermore, awakening of the consciousness occurs as one is able to do psychological work on oneself.
