## DETAILED PROFILE ANALYSIS

## NATURE

With cooling signs predominant in your chart, you are likely to be thoughtful, reflective, and considerate of others. You take your time in getting acquainted and tend to play a receptive role. You may be too quick to blame others for problems created by your own lack of initiative. Rather than procrastinate, act.

## LIFESTYLE

Comprehended values are emphasized in your chart. You tend to be a people person and want to understand what makes people think, feel and behave the way they do. Most of your important decisions are influenced by your desire to be considerate mostly toward your partners and personal associations, but all people as well. Your goals are social harmony, fellowship, and goodwill.

## ENVIRONMENT

With a predominance of planets in the setting hemisphere at your birth, you tend toward interactive behavior. You want a lifestyle that brings you into close cooperation with others. You want to share your identity with others in a bond of common purpose. You seek other people's thoughts and views in order to gain a consensus to which all can give their assent.

## Profile Of EVAN CORBETT

## ADAPTATION

Coordinator skills are emphasized in your chart. You are inclined to be cooperative with others but do not allow your personal feelings interfere with what you do. Usually you appear to others as being tolerant and impartial, and often relate your concerns toward common objectives that will accommodate personal differences. You are most comfortable with people who are accurate, informed and correct, while you tend to clash with people who are too emotionally volatile and self-centered. You like to be known as a person who is able to help others understand and abide by their own commitments.

## DISPOSITION

With air signs predominating in your chart you tend to have a rational and communicative disposition. You exemplify intellectual access to ideas, data, and factual information. Your attainment to mental concepts can manifest in your need to share with your partners, your enjoyment of your friends, and your curiosity to learn new things.

## AFFINITY

With cardinal signs emphasized in your chart, you tend to be business-minded and have good a political sense of issues and priorities. You initiate things. You are not content with the status quo and you want movement, results, progress. You are like the engine that gets the project moving from a dead stop and continues to impel it forward. You respond to events by provoking and originating new possibilities for what could exist.

## MANNER

Your predominance in succedant houses indicates that you tend to be medium-profile person with a brooding but purposeful manner. You tend to experiment and speculate, usually weighing the risks to your plans and keeping a backup plan handy.

## RESPECT

With meridian quadrants emphasized in your chart, you tend to be polite, civil, and respectful toward authority in your outward behavior. You like knowing your place in the social strata and the hierarchies set according to seniority of age, authority and status. You tend to regard nature as something that is wild and unmanageable and which needs to be subdued, civilized, and domesticated in order for your to feel comfortable.

## TEMPERAMENT

With sextile aspects being most numerous in your chart, your dominant urge is for self-assurance, gained through either a mental or material resourcefulness. You continually extend your access to materials and information in order to be prepared for any foreseeable circumstances. You integrate many ideas from various sources, formulating overall perspectives.

## COMPOSURE

## Profile Of EVAN CORBETT

Your overall temperament inclines toward an easy-going composure. You tend to overcome most difficulties in your life by working around them, thus avoiding them, or by absorbing their impact and thereby assimilating them or growing through them. You find a relatively high level of acceptance by others for your ideas, proposals, and actions, although your achievements may not always be outstanding in terms of their impact for change. Your physical vitality tends to be good and well sustained.
