Purpose of the rankings is for the proposed idea of have a Table of Champions tournament at the end of the year. It's also nice to just have your name up on the current top ten. By the end of Fall 2007, the top 10 players on the list will get an invitation to play this event. One hit wonders are excluded from the invitation. As one of them declines the alternates will be selected from the all time [rankings](#) by points

The method of ranking is based on how recent you took your highest level. As of August 2007, there is one more regular tournaments scheduled to play and there are 3 seats that are up for grabs. Those who are ranked 1-7 are guaranteed a seat for 2007 TOC. Those ranked 1-4 are guaranteed a seat for 2008 TOC.

\*One hit wonders are those players that only play one time with us and ranks, but needs to play a minimum of two games to qualify for TOC.
