

April 2003 Newsletter

Here's what we've been doing and what we have planned for this month!

GIRL SCOUTS

Where Girls Grow Strong

March was a busy month. We delivered our cookies and everyone got an opportunity to work at a cookie booth — we actually sold all our cookies early. We had fun and learned some new strategies for next year!

We also attended the Badge Workshop in Aspen Grove where we made our own trail mix, went snowshoeing, made an outdoor shelter and learned what items we need to have with us when hiking.

We are looking forward to Spring!

In April we will work on the Building Art Try-It. We will also make an Easter craft, learn how candy is made at the Peppermint Place, and earn the Safety Award! It will be fun.

We are looking into doing a service project with the Blitz in May. We will keep you posted on upcoming events. If you have any ideas or suggestions for service projects our troop can do, please let us know.
