

## REVISED VEHICLE TOWING CONTRACT

We have revised our contract with A-Tow Roswell, Inc. to allow individual owners to have automobiles towed from your reserved/numbered space. Up til now, the towing company would only take direction from the Board or C.C.M. A-Tow has been provided with a list of our 101 units and a password for each unit. If you have reason to have an automobile towed from your space, you may contact the towing company and identify yourself as a Hidden Cove owner. They will request your space number and password. Without the password, they will not be able to respond to your call. To obtain the password for your unit, please email the board and we can provide that to you. This will be a permanent password, specifically for your space, so please do not share it with anyone.

Details on the towing company are posted on the property and they can be reached 24hrs a day, 7 days a week at 404.577.8950. Vehicles are removed at owner's expense. The cost of removal is \$115 and the charge for storage of the towed vehicle is \$15 per day. The impoundment facility is located at 11412 North Fulton Industrial Blvd.
