

Proposed Livingston High School Expansion

There has been a 32% increase in student population at Livingston High School since the 1990-1991 school year. By 2008-2009, this increase is estimated to be 44%. By 2013-2014, it is estimated to be 67%.

1,586 students currently attend Livingston High School, which has a functional capacity of 1,413 students.

KEEP UP WITH THE LATEST ABOUT THE LHS REFERENDUM ON www.livingston.org

Meeting the needs of Livingston's growing student body

- This project will resolve overcrowding and lack of adequate space while meeting our students' academic and co-curricular needs in the 21st century and addressing security, parking, and other space issues.
- The proposed construction project will add approximately 95,000 new square feet to Livingston High School and renovate about 68,000 square feet.
- It will provide a state of the art science wing, a robotics lab, additional classrooms in every department, a new gymnasium with physical education stations and team rooms, a second TV studio and an expanded student cafeteria.
- Estimated cost: \$51.5 million. Estimated time line: 24-30 months.
- The referendum could take place as soon as December. We will keep you posted through your school and district newsletters and websites.
