Geological map of the study area, and cross-sections

# Geological map of area from Chiraundi Khola to Thulo Khola, Dhading/Nawakot District, central Nepal

Cross-section along A-B

Legend

- Upper Nawakot Group (Paleozoic)**
-  Robang Formation
  -  Malekhu Limestone
  -  Benighat Slate
- Lower Nawakot Group (Late Precambrian)**
-  Dhading Dolomite
  -  Nourpulp Formation
- Bhimphe Group (Precambrian)**
-  Kulikhani Formation
  -  Chisapani Quartzite
  -  Kalitar Formation
  -  Raduwa Formation
- Magmatic and migamatic rocks**
-  Gneiss
  -  Geological contact
  -  Thrust

Cross-section along C-D
