Dwight David Eisenhower, nicknamed "**Ike**", was a General of the Army (five star general) in the United States Army and U.S. politician, who served as the thirty-fourth President of the United States (1953–1961). During WWII, he served as Supreme Commander of the Allied forces in Europe, with responsibility for planning and supervising the successful invasion of France and Germany in 1944-45. The invasion of France became known as ‘D-Day’ and began when allied troops stormed the beaches at Normandy (this battle was told in the movie, “Saving Private Ryan”).

China was a country of civil wars during the 1920's. So, Japan decided to attack this weakened country. At the end of WWII, Russia moved in and occupied most of China. Thus, China became a major communist country.
