Popcorn, Popcorn, Popcorn.....

Sell popcorn!
It is the most important fundraiser for our pack and allows us to do many fun activities!

Popcorn facts:

- When popcorn explodes it can expand up to 30 or 40 times its original size.
- People have been eating popcorn for about 7000 years.
- The oldest known popcorn was found, still fluffy white in a bag attached to the belt of a mummy in Chile.

Why don't people tell popcorn jokes?
Because the jokes are too corny.

What did the baby corn say to the mommy corn?
Where's popcorn?

Can't Wait Until Next Summer.....

Denver area scouts had lots of opportunities for summertime scouting fun and these events will all be available next summer so plan your vacations accordingly!

Crossover

This is an important event where scouts, upon a year of achievements move up to the next level. Powerful advice given to the scouts by Akela himself!

Crossover—June 2008

Rain-Gutter Regatta

Carefully crafted boats are powered by the scouts themselves, with lots of treats and a great time for all.

Scout Day at the Rockies

Scouts march around Coors field in a pre-game parade and discounted tickets allow most dens and packs to all sit in the same area.
