A project of

FOOD FOR THE POOR, INC.

By participating in Food For The Poor's "All-Nighter for the Poor," you'll be part of a movement to raise money for hungry families across the Caribbean and Latin America. Food For The Poor is the largest international relief and development charity in the United States, feeding 2 million people daily. We help the poorest of the poor by providing food, housing, healthcare, education, water projects, emergency relief and micro-enterprise assistance to those in need.
