

Rochester Chapter CMA/CFM Review

CMA/CFM Review Courses (old exam format)

These review courses offer an intensive plan of study designed to prepare candidates for successful completion of the CMA/CFM examination. We will stress topics tested on the exam and provide exam candidates with structure and focus for their plan of study. In order to be successful, the candidate should be prepared to spend approximately 15 - 20 hours per exam part studying and reviewing material in addition to class time. **This is the last time the course will be offered for the Old Exam Format.**

Courses will be held at St. John Fisher College and all in-class materials will be provided at the first session of each part. In addition, candidates will need to purchase the review text directly from the publisher, Gleim, by calling (352) 375-0772 or ordering directly online at www.gleim.com.

Application forms for registering for the CMA/CFM exam should be obtained directly from the IMA at (800) 638-4427 or by applying online at www.imanet.org. **Note: to be eligible for the Old Exam Format, you must have previously registered in the program (by June 30, 2004). A review course based on the new exam format will be offered in the future.**

The instructors are accounting professionals with appropriate certifications and expertise in the areas they teach.
