

This is a CRITICAL MASS bike ride. We are a community of cyclists who ride through the city the last Friday of every month. The ride is not sponsored by anyone, has no leaders, and is non-athletic. CRITICAL MASS rides also occur in over two hundred other cities worldwide.

We ride to demonstrate how much quieter, cleaner, and safer the streets of Indianapolis would be without so many cars. We want to show that bicycling is a fun and healthy way to get around the city. Many of us ride our bikes to work and to shop, and to run errands, even in winter. We save lots of money, and don't have to worry about being stuck in traffic or looking for a parking space. It also feels good to know that we are not contributing to the ozone and other pollution problems.

You can ride with us. Just show up at Illinois & Washington the last Friday of every month at 5:30pm with your bike. For more information about **INDY CRITICAL MASS**, visit <http://www.geocities.com/indycm>.
