

Usability and User Interface

Screenshots of Horde Interface – **Organizing/ Address Book**

The Document

The document contains screenshots from horde portal for Address Book Feature.

The aim of the document is to put together a series of screenshots which can be later used to review interfaces and propose changes for look and feel and Usability.

Information about the screenshots

- » Screenshots are taken on 1400
- » The screenshots were viewed on internet explorer 7.0 beta and on firefox
- » Platform Windows XP

How the screens have been organized

- » Based on Task flows
- » Based on sequence of appearance in Navigation

Contents

- » The composite homepage
- » Interface Sections
- » The primary navigation
- » The global top navigation
- » Organizing – Address Book
 - Basic Search
 - Advanced Search
 - My Address Book
 - Browse
 - New Contact

The screenshot displays the Horde web interface with a purple header bar containing navigation links: Home, Options, Problem, Help, and Log out. The user's name 'rohan' and 'Add Content' link are visible in the top right.

Interface sections

The screenshot displays the Horde web interface with the following sections:

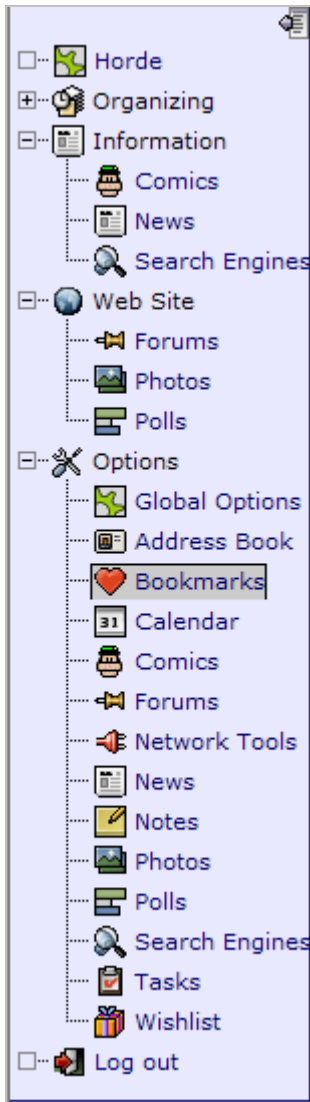

- 1. Primary Navigation:** A vertical sidebar on the left containing links for Horde, Organizing, Address Book, Calendar, Notes, Tasks, Wishlist, Bookmarks, Information, Web Site, Options, and Log out.
- 2. Global Navigation:** A horizontal bar at the top with links for Home, Options, Problem, Help, and Log out.
- 3. Page level action buttons:** A button labeled "rohan | Add Content" in the top right corner.
- 4. Content area:** The main body of the page, divided into several panels:
 - Contact Search:** A search box with a "Search" button.
 - July, 2006:** A calendar grid for July 2006, with the 18th highlighted.
 - rohan's Bookmarks:** A section titled "rohan's Bookmarks" with a "New Bookmark" button and the text "No bookmarks to display".
 - Jan's Horde News:** A list of news items, including "Horde 3.1.2 and 3.0.11 released", "IMP H3 (4.1.2) released", "Kronolith H3 (2.1.2) and Nag H3 (2.1.1) released", "Mobile Webmail Client MIMP H3 (1.0) released", "3 projects at Google's Summer of Code", "MIMP H3 (1.0-RC2) released", "MIMP H3 (1.0-RC2) released", "Vacation Auto-Responding Manager version H3 (3.0) released", "Portal block to confirm European VAT numbers", "Summer of Code 2006", and "Turba H3 (2.1.1) and Ingo H3 (1.1.1) released".
 - Weather Forecast:** A section for "Bar Harbor, ME" showing local time (07:30), sunrise (05:05), sunset (20:12), temperature (65°F), dew point (60°F), feels like (65°F), pressure (30 in and steady), wind (From the SSE (170) at 7 mph), humidity (84%), and visibility (6 sm). It also shows a 3-day forecast table:

Day	Temperature (Hi/Low) °F	Condition	Precipitation chance
Today Jul 18	Day: 83	Scattered Strong Storms	40%
	Night: 60	T-Storms Early	50%
Tomorrow Jul 19	Day: 81	Mostly Sunny	20%
	Night: 59	Mostly Clear	0%
Thursday Jul 20	Day: 79	Mostly Sunny	20%
	Night: 62	Mostly Cloudy	20%
 - Google Search:** A search box with the Google logo and a "Google Search" button.

1. Primary Navigation
2. Global Navigation
3. Page level action buttons
4. Content area

Primary Navigation

The Primary navigation leads to sections such as

- » Organization

Organizing

Address Book

Basic Search

The screenshot shows the Horde Address Book interface. At the top is a navigation bar with icons for 'My Address Books', 'Browse', 'New Contact', 'Search', 'Import/Export', 'Horde', 'Options', 'Problem', 'Help', and 'Log out'. On the right of this bar is a dropdown menu for 'My Address Book'. Below the navigation bar are two tabs: 'Basic Search' (selected) and 'Advanced Search'. The 'Basic Search' section contains a 'Find' field with a dropdown set to 'Name', a 'Matching' field, a 'From' dropdown set to 'My Address Book', and a 'Search' button. Below this is a section titled 'Virtual Address Books' with a checkbox 'Save search as a virtual addressbook?', a text input for 'Virtual address book name', and a text area for 'Virtual address book description'.

Advanced Search

The screenshot shows the Horde Address Book interface in the 'Advanced Search' tab. The navigation bar is identical to the previous screenshot. Below the navigation bar are two tabs: 'Basic Search' and 'Advanced Search' (selected). The 'Advanced Search' section has a 'Search' button and a 'Reset to Defaults' button. Below these is a 'Directory' dropdown set to 'My Address Book'. A list of search criteria follows, each with a text input field: 'Name', 'Email', 'Alias', 'Home Address', 'Work Address', 'Home Phone', 'Work Phone', 'Mobile Phone', 'Fax', 'Title', 'Company', 'Notes', 'PGP Public Key', 'S/MIME Public Certificate', and 'Freebusy URL'. At the bottom is a section titled 'Virtual Address Books' with a checkbox 'Save search as a virtual addressbook?', a text input for 'Virtual address book name', and a text area for 'Virtual address book description'.
