To Whom it May Concern,

We have been working with Sheppard Pearl Water Proofing since July of 2004. We have been very pleased with the quality of work they have been doing.

The type of work has included complete replacement of a full townhouse complex, a large flat roof of a high rise building, flat roofs on townhouse garages, 20 roofs in Huntingdale, Scarborough, and numerous individual roof replacements in different locations.

The clean up of the work site, the quality of work and level of professionalism has been outstanding.

We would highly recommend Sheppard Pearl to anyone who may be seeking such work.

Yours Truly
