

Parks In Canada

(Perspectives pg 122-125)

1. What was the first park in Canada?
2. What are the purposes for having national park land?
3. What are 3 reasons for provincial parks?
4. Name two parks and the reasons for which each was created.
5. Examine figure 3.11f.
 - a. What parts of Algonquin park do the wolves inhabit?
 - b. What do you think happens at the park boundaries?
 - c. How might this situation present problems for the:
 - wolf

 - people living outside the park

 - people trying to protect the wolf
6. Why are city parks important?
7. What is the purpose of Conservation Authorities?

Lands For Life

(Perspectives pg 146)

1. Read the case study: "Lands For Life". In your own words, write a summary describing the government-sponsored plan.

Recreation Development in Sensitive Environments

(Perspectives pg 167-169)

1. Describe 3 conflicts of resource use in Banff National Park
2. List 5 ways people use the recreational facilities at Point Pelee National Park.
3. What is unique about Point Pelee's location in Canada?
4. How are eco-footprints kept light in the park?
5. Write a definition for ecotourism.
6. Write a paragraph to describe how Belize is using ecotourism to develop its economy.
