

Soils

(Perspectives pag 26-27)

1. Explain why the following statement is true: "Without soil, much of life on this Earth would not exist".
2. Make two points of comparison between soil patterns (figure 1.9b) and vegetation patterns (figure 1.10a).
3. Make two points of comparison between soil patterns and climate patterns found in section 1.6 of the text.
4. Describe the 5 factors that affect the development of soils.
5. What soil type is Prescott located?
6. Describe the characteristics of Prescott's soil (figure 1.9e).
