

A.4 EXTERNAL & INTERNAL EXAMINER

A. 4.1 DOCTOR OF PHILOSOPHY

No.	Title of thesis & degree	Candidate	Year	Status
1.	The effect of edible oils on peroxidation process and morphology of aorta of normontensive and spontaneous hypertensive rats treated with vitamin C and palmvitee. Doctor of Philosophy (PhD)	Dr. Faizah Othman MD (UKMalaysia A2879	2001	Examiner
2.	Determining time of death (human) using trace elements, lipid peroxidation products and DNA as indicators. Doctor of Philosophy (PhD)	Khairul Osman B.Med. Sci (UKM) A7686	2001	Examiner
3.	Potentials of Local Sea-cucumber extract as antifungal and antitumor. Doctor of Philosophy (PhD)	Dayang Fredalina binti Haji Basri MSc (Ulster NE) A5140	2001	Examiner

A.4 EXTERNAL & INTERNAL EXAMINER

A. 4.1 DOCTOR OF PHILOSOPHY (Cont.)

No.	Title of thesis & degree	Candidate	Year	Status
4.	Study of molecular aspect of thalasaemia in Malaysia Doctor of Philosophy (PhD)	Dr. Mokhtar Abu Bakar, MD (Indonesia) A2569	2000	Examiner
5.	The effects of propanolol and vitamin E administration on lipid peroxidation level and enzyme antioxidant activity in experimental hyperthyroidism. Doctor of Philosophy (PhD)	Dr. Zaiton Zakaria, MD (Malaya)	1997	Examiner
6.	The effects of edible oils alone and in combination with sex hormones on blood pressure, lipid profile, lipid peroxidation products and antioxidant activities. Doctor of Philosophy (PhD)	Dr. Ima Nirwana Soelaiman MD (Malaya)	1996	Examiner

A. 4.2 MASTER OF MEDICAL & HEALTH SCIENCES

No.	Title of thesis & degree	Candidate	Year	Status
1.	Study of knowledge, attitude and practice among diabetic patients attending the diabetic clinic in Kuala Pilah Health Clinic, Kuala Pilah, Negeri Sembilan. Master of Health Education	Ahmad Shahrul Nizam bin Isha P17495	2001	Examiner
2.	The role of palmvitte on health status due to air pollution. Master of Health Science (Pharmacy)	Mrs. Asma Harun B.Med. Sci (UKM) P12164	2000	Examiner
3.	Study on breast milk among mothers in Ipoh Perak. Master of Health Education	Maheran Ab Bakar P14190	1999	Examiner
4.	The effect of hormonal replacement therapy (HRT) on lipid, lipid profile, lipid peroxidation and total antioxidant status in postmenopausal Malaysian women. Master of Medicine – Chemical Pathology	Dr. Hanita Osman, MD (UKMalaysia)	1999	Examiner

A. 4.2 MASTER OF MEDICAL & HEALTH SCIENCES

No.	Title of thesis & degree	Candidate	Year	Status
5.	The effect of vitamin E and vitamin C administration in rheumatoid arthritis patients. Master of Health Science (Dietetic)	Pn. Zahara Abd. Manap B.Sci. (Dietetic)	1999	Examiner
6.	Coronary Heart disease risk factors among peoples in Kuala Lumpur and Orang Asli Gombak, Selangor. Master of Medical Science (Epidemiology)	Cik Wong Li Ping B.Sci (UPM)	1998	Examiner

A. 4.3 CLINICAL BIOCHEMISTRY

No.	Title of thesis	Candidate	Year	Status
1.	Phospholipid and cholesterol contents in human milk of Malaysian women and its relationship with socio-economy factors.	Rokma binti Abdullah	1988	External Examiner
2.	Effect of raw vegetables, cholesterol and palm oil in diet on lipid metabolism.	Abdul Halim bin Gahar	1988	External Examiner
3.	Determination of physical and chemical characteristics of urine from renal calculi (urolithiasis) patients of Malay males.	Asmah Hamid	1990	External Examiner
4.	Composition of the traditional drugs	Boo Soon Yew	1992	External Examiner
5.	Organic and inorganic compositions of major urinary calculi in Malaysia.	Suraini binti Gahar	1992	External Examiner

No.	Title of thesis	Candidate	Year	Status
6.	Metabolism of lipid absorption (aorta).	Choong Meng Ling	1993	External Examiner

A. 4.4 CLINICAL PHARMACOLOGY

No.	Title of thesis	Candidate	Year	Status
1.	Effects of soya bean oil, coconut oil, palm oil and ghee on malonaldehyde (MDA) levels in serum, liver and ventricle from rats.	Lo Lee Mooi	1988	External Examiner

A. 4.5a BIOMEDICAL SCIENCES - PATHOLOGY

No.	Title of thesis	Candidate	Year	Status
1.	Measurement of lipid peroxide level, superoxide dismutase activity and vitamin E concentration in pregnancy-induced hypertensive or treated preeclamptic women.	Ahmad Rushdi Tan Abdullah	1999	Examiner
2.	Prevalence of hepatitis C virus (HCV) in pre-surgical patients.	Tay Siow Phing	1998	Examiner
3.	Research-based on mutation of the p16 gene in lymphoid leukemia and lymphoma cases.	Salwana Ahmad	1997	Examiner
4.	Comparision of peroxidase cytochemical stain and intracellular myeloperoxidase analysis by using myeloperoxidase monoclonal antibody by flow cytometry in the diagnosis of acute leukemia.	Musilawati Muhajir	1997	Examiner
5.	Comparison of 3 methods in women with glucose-6-phosphate dehydrogenase (G6PD) deficiency.	Mazilan Rifin	1996	Examiner

No.	Title of thesis	Candidate	Year	Status
6.	Detection of deletion determinant tala-alpha(-alpha 3,7) among haemoglobin H (HbH) patients by PCR.	Zamri Ahmad	1996	Examiner
7.	Immunoregulatory cells in non-dengue fever and dengue haemorrhagic fever.	Kathelen Ng Li Pong	1996	Examiner

A. 4.5b BIOMEDICAL SCIENCES - CLINICAL BIOCHEMISTRY

No.	Title of thesis	Candidate	Year	Status
1.	The effects of temu lawak (<i>Curcuma xanthorrhiza</i>) on mineral composition and protein in the hepatobiliary system of guinea pigs fed a high cholesterol diet.	Tan Mei Ching	1999	Examiner
2.	Morphological study of sea cucumber with scanning electron microscope.	Muhammad Nasri Ahmad Tajuddin	1999	Examiner
3.	Establishing the technique of identification and determination of urinary organic acids concentration in children.	Dosuil Lakasa	1998	Examiner
4.	The effect of danazol and clomiphenes on enzyme markers in hepatocarcinogenesis	Huzaimah Abdullah Sani	1998	Examiner
5.	Calcium, magnesium and its relationship with parathyroid hormone in essential hypertensive patient.	Shirley Yeoh Yee Siew	1998	Examiner

No.	Title of thesis	Candidate	Year	Status
6.	Measurement of lipid peroxide concentration, total antioxidant status, nitric oxide synthetase activity and vitamin R concentration in placenta of pregnancy induced hypertensive and preeclamptic women.	Halimaton Mohd Said	1998	Examiner
7.	Effect of high calcium diet in protein composition an trace element composition on heaptobiliary system of guinea pig.	Noor Aishah Mohd Dawi	1998	Examiner
8.	Effects of high calcium diet on mineral compositions of guinea pigs.	Joha Ibrahim	1997	Examiner
9.	Detection of the mutation at codon 15 and 28 in the pre-core region of HBV genome in hepatocellular karsinoma yang positif terhadap HBV	Yu Yuan Hong	1997	Examiner
10.	The effects of spironolactone and cypoterone acetate on tumor marker enzymes in rats chemically induced cancer.	Subha a/p Bhassu	1996	Examiner

No.	Title of thesis	Candidate	Year	Status
11.	Determination of mineral, 6-keto prostaglandin F1alpha, thromboxane B2 in pregnancy induced hypertension and pre-eclamsia and the effects of magnesium sulphate.	Rashidah Jumaat @ Jananat	1996	Examiner

A. 4.5c BIOMEDICAL SCIENCES - PHARMACOLOGY & TOXICOLOGY

No.	Title of thesis	Candidate	Year	Status
1.	The effect of palm vitamin E on ferric nitrilotriacetate induced impairment of bone formation in rats.	Yee Jo-Kuan	1997	Examiner

A. 4.5d BIOMEDICAL SCIENCES - MEDICAL PARASITOLOGY

No.	Title of thesis	Candidate	Year	Status
1.	Parasitic infections among drug addicts HIV positive at Tampin and Serendah drug rehabilitation centre.	Law Sie Yien	1999	Examiner
2.	Insecticide : Susceptibility study and enzyme activity and its resistance to <i>Musca domestica</i> in Malaysia.	Qureshiah Begum A. Basher	1997	Examiner

A. 4.5e BIOMEDICAL SCIENCES - PUBLIC HEALTH & EPIDEMIOLOGY

No.	Title of thesis	Candidate	Year	Status
1.	Comparative study on the current perception threshold among paddy farmers exposed to pesticide in MADA, Kedah 1997.	Nezrul Hisyam Abdul Ghani	1998	Examiner
2.	Study on the adverse effects of toluen among Linatex Factory workers at Batu Cves Selangor 1996/97.	Khairunnizam Mansor	1997	Examiner

A. 4.5f BIOMEDICAL SCIENCES

No.	Title of thesis	Candidate	Year	Status
1.	Cardiac disease markers in acute coronary syndrome (ACS).	Lok Pei Pei (A55088)	2000	Examiner
2.	Variant of angiotensinogen gen in hypertension patients and acute coronary syndrome.	Ooi Mei Nee (A55111)	2000	Examiner
3.	Effect of Quebrachitol and L(-)-chiro inositol on blood glucose levels.	Elkhairree Mohd Radzi (A57703)	2000	Examiner
4.	P53 mutant protein expression and bcl-2 protein in liver kanser.	Ngan Chew Yee (A55102)	2000	Examiner
5.	Antitumour effect of plant extract on HEPG2 cells.	Azliza Alias (A57694)	2000	Examiner
6.	Haemoglobin analysis in thalasemia and haemoglobinopathy patients	NorWahidah A.Karim (A57797)	2000	Examiner

7.	Dislodgment of vibrio cholerae from houseflies (Musca domestica) perched on food covers and the dropping of the bacteria through the food cover openings.	Mohd Ismail bin Mohd Kamaludin (A62531)	2001	Examiner
8.	Recognizing the endoparasite in gastrointestinal tract of the holothuroids.	Mohd Farez Md. Isa (A62518)	2001	Examiner
9.	Lipoprotein –(a) and apolipoprotein E in patient with heart diseases.	Mok Pooi Ling (A64082)	2001	Examiner
10.	The effects of laser with lower dose on haemtological parameters of guinea pigs blood.	Nadia Halib (A62538)	2001	Examiner

A. 4.6 HEALTH EDUCATION - MINISTRY OF HEALTH OF MALAYSIA

MASTER OF HEALTH EDUCATION

No.	Title of thesis	Candidate	Year	Status
1.	High blood pressure at Kuala Igan, Sarawak.	Nik Deraman Mamat	1997	External Examiner
2.	Pesticide residue contamination among vegetables at Panampang District, Kota Kinabalu, Sabah.	Roslia Saimon	1987	External Examiner
3.	Tuberculosis Prevention Programme at Tanah Merah, Mendamit, Limbang Sarawak (Health Education Project).	Ajau Danis	1987	External Examiner

A. 4.7 MEDICAL TECHNOLOGY - MINISTRY OF HEALTH OF MALAYSIA

No.	Title of thesis	Candidate	Year	Status
1.	Use of urinary protein creatinine index in single untimed urine specimen to assess proteinuria at Hospital Queen Elizabeth, Kota Kinabalu, SABAH.	Jaiman Yusof	1987	External Examiner
2.	Normal estimation of renal function tests in Trengganu at Hospital Besar, Kuala Trengganu, TRENGGANU.	Che Su Hassan	1987	External Examiner
3.	The determination of reference range for serum uric acid of the local population in Hospital Besar Kangar, PERLIS.	Kua Chin Hock	1987	External Examiner
4.	Preparation of quality assurance programme for district hospital laboratory at Segamat Hospital, JOHOR.	Mohd. Zabani bin Othman	1988	External Examiner
5.	The effects of blood storage in blood glucose and electrolytes interpretation at Kota Tinggi District Hospital, JOHOR.	Sulaiman bin Hashim	1988	External Examiner

No.	Title of thesis	Candidate	Year	Status
6.	Determination of cortisol in human fluids by radioimmunoassay.	Julai Timor	1989	External Examiner
7.	Comparison of enzymatic methods of hexokinase and glucose oxidase for the determination of plasma glucose in routine use.	Lee Siew Lan	1993	External Examiner
8.	Assessment of the effect of adjustments for albumin concentration on total calcium levels in critically ill patients.	Nancy Yu Ng Wai	1993	External Examiner
9.	The determination of reference range for gamma-glutamyltransferase (GGT) of the local male population in Kuching Sarawak.	Chia Chian Kio	1993	External Examiner
10.	Enzyme immunoassay for determination of human serum prolactin	Ghazali Ahmad	1993	External Examiner

No.	Title of thesis	Candidate	Year	Status
11.	Estimation of total cholesterol levels in blood for different ethnic groups and to establish how far the local food affect their value.	Abdul Rahim bin Matsidu	1993	External Examiner
12.	Caeruloplasmin and copper levels in hepatic diseases.	Jamilah Bakar	1993	External Examiner
13.	The determination of reference range for cholesterol, aspartate transaminase, alkaline transaminase, creatine kinase, creatinine, alkaline phosphatase, and amylase of the local population around Kota Bharu, Kelantan.	Mohd Ghani Yussof	1993	External Examiner
14.	An evaluation of urea level by Urease-glutamate dehydrogenase (urease/GLDH) method using Cobas Mira.	Siti Asiah binti Muhammad	1993	External Examiner
15.	Comparison of methods for estimation of total bilirubin using a manual method (Powell), Mochida Luketron Bilimeter-O Model MEB-332 and COBAS MIRA in the laboratory for paediatric and adult cases.	Hasnah binti Ahmad	1993	External Examiner

No.	Title of thesis	Candidate	Year	Status
16.	The effect of cooking on thiamine and riboflavin content of various foods.	Young Swee Ing	1993	External Examiner
17.	The determination of reference range for serum uric acid among the local population around Muar district.	Sulaiman Alos	1993	External Examiner
18.	The determination of reference range for serum urea of the local population in Sungai Petani, Kedah darul Aman.	Ong Ah Geok	1993	External Examiner
19.	A study of two different methods of sweat collection sweat test.	Osman Ishak	1993	External Examiner
20.	Biochemical tests and public nutrition status.	Mohd Rusli bin Haji Zahari	1993	External Examiner

A. 4.8 EXTERNAL EXAMINER - THEORY AND PRACTICAL

No.	Subjects & Institution	Candidate	Year	Status
1.	Advanced Diploma/Post Certificate of Medical Laboratory Technology, MINISTRY OF HEALTH MALAYSIA	Medical Technologists, Ministry of Health	1988	External Examiner
2.	Advanced Diploma/Post Certificate of Medical Laboratory Technology, MINISTRY OF HEALTH MALAYSIA	Medical Technologists, Ministry of Health	1989	External Examiner
3.	Advanced Diploma/Post Certificate of Medical Laboratory Technology, MINISTRY OF HEALTH MALAYSIA.	Medical Technologists, Ministry of Health	1993	External Examiner
