

HONOURS PROJECT

COMP 4905 HONOURS PROJECT

Registered for Term Summer Year 2006

Mobicast via Face-Aware Routing implementation

Date Aug. 12, 2006

Student: Name: Jianfeng Chen

Student number 100331777

Supervisor: Dr. Evangelos Kranakis

Table of contents

1. Introduction.....	3
1.1 Mobicast routing application examples	3
1.2 Face-Aware Routing protocol (FAR) for mobicast	4
2. FAR Definition and terminologies.....	5
2.1 The Planar Spatial Neighborhood.....	6
2.2 Face-Aware Routing	7
3. FAR Implementation algorithms	9
3.1 UDG and HSP.....	9
3.2 Face detection	11
3.3 Connected graph and even immediate edges constraints.....	13
3.4 Timed forwarding algorithm.....	14
4. FAR Implementation in java.....	15
4.1 Variables and functions.....	15
4.2 Fundamental layer implementation.....	17
4.3 Application layer implementation.....	18
5. FAR Conclusion.....	19
6. References.....	21
7. Appendix: ad-hoc network and FAR simulation output file.....	22
