

Winner of the People's Choice Award at the National Jensen Rally, 1995

This lovely Jensen Interceptor Mk3 Series 4 (2241/9386) was the winner of the People's Choice Award at the National Jensen Rally in Hobart, Tasmania in 1995.

From QLD and finished in a stunning 'Blue Chiarro', this 440 powered machine has been further enhanced with Motec sequential fuel injection. The end result is an absolutely stunning looking car – with equally stunning road performance and manners.

What a great example of the Jensen Marque.
